Revolution Economics And Religion:

Revolution, Economics and Religion Anthony Michael C. Waterman, 1991-08-30 Professor Waterman analyses the story of the intellectual repulse of revolution and describes the ideological alliance of political economy and Christian theology after 1798

Religion and Nation Kathryn Spellman, Kathryn Spellman-Poots, 2004 An estimated 75 000 Iranians emigrated to Britain after the 1979 revolution and the establishment of the Islamic Republic They are politically religiously socio economically and ethnically heterogeneous and have found themselves in the ongoing process of settlement The aim of this book is to explore facets of this process by examining the ways in which religious traditions and practices have been maintained negotiated and rejected by Iranians from Muslim backgrounds and how they have served as identity building vehicles during the course of migration in relation to the political economic and social situation in Iran and Britain While the ethnographic focus is on Iranians this book touches on more general questions associated with the process of migration transnational societies Diasporas and religious as well as ethnic minorities

Political Islam in Post-Revolutionary Iran Majid Mohammadi, 2015-05-05 The relationship between the Islamic Republic of Iran and the Western World is fraught with challenges and tensions In order to generate the capacity for greater engagement and dialogue there is a need for the West to better understand the complex ideological developments that are central to Iran Majid Mohammadi charts the central concepts and nuances of the ideological map of post revolutionary Iran and examines the rise and development of Shi i Islamism He recognizes that the Islamic Republic of Iran and Iranian political discourse are the outcome of contesting perspectives and ideologies identity oriented socialist nationalist authoritarian Shari a scripturalist mystical militarist and fascist This is a comprehensive comparative contribution to one of today s most important topics that of the relationship between Political Islam and the West

Winning Revolutions J. Harold Ellens, 2013-11-26 The product of 35 senior scholars research these volumes examine the psychology driving the religious political and economic forces that cause turbulence and violence in human society Religious political and economic revolts have defined the human experience throughout history These kinds of universal turbulence continue to be the dominate source of human suffering and perplexity during the first decade of the 21st century What can intensive study of the psychodynamics of cultural and social eruptions tell us that may serve to move cultures around the world beyond ongoing strife This work seeks to find out examining the spectrum of cultural and social eruptions from ancient Jewish Christian and Muslim revolutions to the modern day economic and political turbulence in Eastern Europe the Near East and Latin America The breadth of this three volume set ranges from the 12th century BCE to the current struggles in Iraq Afghanistan and Syria and from the irrational violence of the French Revolution to the genuine quest for liberty of the American Revolution and the Singing Revolutions in the Baltic States in recent decades Each volume is introduced with a description of its philosophical perspective and concludes with a brief

summarization of the takeaways of the research presented **Religion in Economics** John Rutherford Everett,1946
