Silent Moments:

Silent Moments in Education Colette Granger, 2011-12-10 Colette A Granger's highly original book considers moments in several areas of education in which silence may serve as both a response to difficulty and a means of working through it. The author, a teacher educator, presents narratives and other textual artefacts from her own experiences of learning and instruction. She analyses them from multiple perspectives to reveal how the qualities of education's silences can make them at once difficult to observe and challenging to think about. *Silent Moments in Education* combines autoethnography with psychoanalytic theory and critical discourse analysis in a unique consideration of the relations teachers and learners forge with knowledge with ideas and with one another. This provocative and thoughtful work invites scholars and educators to consider the multiple silences of participants in education and to respond to them with generosity and compassion.

Surviving God's Silent Moment Ifeoma Eze, 2018-02-16 It is hard to understand why a prostitute retires and yet becomes a mother of children even to the extent of applying family planning contraceptives but a virgin got married and had to wait for years just to have a child. It is difficult to comprehend why an unbeliever prospers in his ways yet with all your connection to the Almighty God things get so difficult. Find out why and how to cope.

Gender and Genre in Sports Documentaries Zachary Ingle, David M. Sutera, 2012-12-28 Nonfiction films about sports have been around for decades but the previously neglected subgenre of the documentary has become increasingly popular in the last several years. Despite such recent successes as *Senna*, *Undeclared*, and ESPN's 30 for 30 series, however, few scholarly articles have been published on these works. In *Gender and Genre in Sports Documentaries*, editors Zachary Ingle and David M. Sutera have assembled essays that examine the various aspects of this art form. Some address questions of gender and sexuality specifically: how masculinity and homosexuality are represented in sports documentaries. Others focus on the characteristics of these films, exploring aspects of aesthetics and narrative. In addition to chapters on basketball, football, baseball, boxing, tennis, and auto racing, this collection features marginalized sports like quad rugby, pro wrestling, live action role playing, LARPing, and bodybuilding. Some of the films described will be familiar to readers such as *Murderball* and *Bigger Stronger Faster*; others are less well known yet important works worthy of scrutiny. Questions about gender, sexuality, and masculinity remain hot topics in sports discourse, and this collection tackles those subjects, making *Gender and Genre in Sports Documentaries* an intriguing read for scholars, students, and the general public alike.

My American Harp Surazeus Astarius, 2017-03-14 *My American Harp* presents 1,169 poems written 2010-2014 by Surazeus that explore what it means to be an American in the modern world of an interconnected global civilization.
