Facebook and Philosophy D. E. Wittkower, 2010-09-15 Facebook and Philosophy is an entertaining multifaceted exploration of what Facebook means for us and for our relationships With discussions ranging from the nature of friendship and its relationship to friending to the debatable efficacy of online activism this book is the most extensive and systematic attempt to understand Facebook yet And with plenty of new perspectives on Twitter and Web 2.0 along the way this fun thought provoking book is a serious and significant contribution for anyone

working with social media whether in academia journalism public relations activism or business Exploring far reaching questions Can our interactions on Facebook help us care about each other more Does Facebook signal the death of privacy or perhaps worse yet the death of our desire for privacy Facebook and Philosophy is vital reading for anyone involved in social networks today **Facebook and the influence on our daily lives** Maximilian Mayr, 2019-05-14 Pre University Paper from the year 2011 in the subject Communications Public Relations Advertising Marketing Social Media grade 14 Punkte course Englisch Leistungskurs language English abstract After writing this Facharbeit I can proudly say that I am much more informed about Facebook and how it influences our daily lives From now on I know very much about Mark Zuckerberg and the history of Facebook as a company Mark Zuckerberg is a very interested and talented person with a good sense of modern trends He has founded Facebook for the right reasons and I think he is only that successful because he always was more interested in satisfying users than making money with his projects Facebook is the most successful social networking site and although Facebook involves some dangers like cyber attacks or becoming addicted to Facebook I fortunately can say that no one of them concerned me up to now For the future I am well informed about how I can use Facebook safely and efficiently so I have nothing to fear from Due to the great possibilities Facebook offers to government agencies politicians and companies it has developed to one of the most important and useful Internet platforms worldwide Government agencies and politicians have a new platform to disseminate information and to advertise for themselves Concerning these new possibilities nowadays government agencies and politicians are able to confront more target groups with politics and important news than they could without this platform Companies are enabled to make personalised advertising so they are able to maximize their profits Furthermore Facebook and other social media proved their importance nowadays when we look at what have happened in Egypt The revolution in Egypt initiated by groups of demonstrators who has communicated and organized their plans via Facebook probably would never had occurred without the capabilities Facebook offers

Facebook, the Media and Democracy Leighton Andrews, 2019-08-29 Facebook the Media and Democracy examines Facebook Inc and the impact that it has had and continues to have on media and democracy around the world Drawing on interviews with Facebook users of different kinds and dialogue with politicians regulators civil society and media commentators as well as detailed documentary scrutiny of legislative and regulatory proposals and Facebook s corporate statements the book presents a comprehensive but clear overview of the current debate around Facebook and the global debate on the regulation of social media in the era of surveillance capitalism Chapters examine the business and growing institutional power of Facebook as it has unfolded over the fifteen years since its creation the benefits and meanings that it has provided for its users its disruptive challenge to the contemporary media environment its shaping of conversations and the emerging calls for its further regulation The book considers Facebook s alleged role in the rise of democratic movements around the world as well as its suggested role in the election of Donald Trump and the UK vote to leave the European Union

This book argues that Facebook in some shape or form is likely to be with us into the foreseeable future and that how we address the societal challenges that it provokes and the economic system that underpins it will define how human societies demonstrate their capacity to protect and enhance democracy and ensure that no corporation can set itself above democratic institutions This is an important research volume for academics and researchers in the areas of media studies
