Retrieving The American Past A Customized U S History Reader:

Books and Readers in Early Modern England Jennifer Andersen, Elizabeth Sauer, 2012-07-28 *Books and Readers in Early Modern England* examines readers reading and publication practices from the Renaissance to the Restoration The essays draw on an array of documentary evidence from library catalogs prefaces title pages and dedications marginalia commonplace books and letters to ink paper and bindings to explore individual reading habits and experiences in a period of religious dissent political instability and cultural transformation Chapters in the volume cover oral scribal and print cultures examining the emergence of the public spheres of reading practices Contributors who include Christopher Grose Ann Hughes David Scott Kastan Kathleen Lynch William Sherman and Peter Stallybrass investigate interactions among publishers texts authors and audience They discuss the continuity of the written word and habits of mind in the world of print the formation and differentiation of readerships and the increasing influence of public opinion The work demonstrates that early modern publications appeared in a wide variety of forms from periodical literature to polemical pamphlets and reflected the radical transformations occurring at the time in the dissemination of knowledge through the written word These forms were far more ephemeral and far more widely available than modern stereotypes of writing from this period suggest Retrieving the American Past, 1998 **Used Books** William H. Sherman, 2010-11-24 In a recent sale catalog one bookseller apologized for the condition of a sixteenth century volume as rather soiled by use When the book was displayed the next year the exhibition catalogue described it as well and piously used with marginal notations in an Elizabethan hand that bring to life an early and earnest owner and the book's buyer for his part considered it to be enlivened by the marginal notes and comments For this collector as for an increasing number of cultural historians and historians of the book a marked up copy was more interesting than one in pristine condition William H Sherman recovers a culture that took the phrase mark my words quite literally Books from the first two centuries of printing are full of marginalia and other signs of engagement and use such as customized bindings traces of food and drink penmanship exercises and doodles These marks offer a vast archive of information about the lives of books and their place in the lives of their readers Based on a survey of thousands of early printed books *Used Books* describes what readers wrote in and around their books and what we can learn from these marks by using the tools of archaeologists as well as historians and literary critics The chapters address the place of book marking in schools and churches the use of the manicule the ubiquitous hand with pointing finger symbol the role played by women in information management the extraordinary commonplace book used for nearly sixty years by Renaissance England's greatest lawyer statesman and the attitudes toward annotated books among collectors and librarians from the Middle Ages to the present This wide ranging learned and often surprising book will make the marks of Renaissance readers more visible and legible to scholars collectors and bibliophiles *Understanding and Teaching U.S. Lesbian, Gay, Bisexual, and Transgender History* Leila J. Rupp, Susan K. Freeman, 2014-12-17 *Understanding and Teaching U S Lesbian Gay Bisexual and Transgender*

History is the first book designed for teachers of U S history at all levels who want to integrate queer history into the standard curriculum Bringing together inspiring narratives from teachers in high schools and universities informative topical chapters about significant historical moments and themes and innovative essays about sources and interpretive strategies well suited to the history classroom this volume is a valuable resource for anyone who thinks history should be an inclusive story

Historical Dictionary of the Philippines Artemio R. Guillermo, 2011-12-16 Asia is one of the most rapidly developing regions in the world and knowledge of the individual countries is crucial for our understanding of the area The Republic of the Philippines composed of a chain of islands in Southeast Asia became a Spanish colony during the 16th century and was then ceded to the United States following the Spanish American War After independence in the 20th century the Filipino people suffered under the 20 year rule of the dictator Ferdinand Marcos which ended as a result of a people power movement in 1986 Since then the history of the Philippines has been marked by several more political coups but a growing economy and democratic elections are increasing stability in the country Artemio R Guillermo covers more than four centuries of Filipino history in this newly expanded and updated third edition of the *Historical Dictionary of the Philippines* which contains more than four hundred entries on important persons places events and institutions An updated introduction with a detailed chronology precedes the dictionary and lays out the current situation in the region while a comprehensive bibliography at the end of the dictionary leads the reader to additional sources This book is an excellent access point for students researchers and anyone wanting to know more about the Philippines

The American Journey David R. Goldfield, 1998 The American Journey introduces readers to the key features of American political social and economic history Written in a clear engaging style with a straightforward chronological organization it provides readers with a solid framework for understanding the past It gives prominent coverage to the West and South and highlights the importance of religion in American history It traces the emergence of distinctively American ideals and the way the conflict between those ideals and reality has shaped our nation s development It brings alive the crucial issues and events behind the continuing effort of Americans to live up to their ideals

Out of Many John Mack Faragher, 1999 This work weaves together the complex interaction of social political and historical forces that have shaped the United States and from which the American people have evolved by telling stories of people and of the nation

Retrieving the American Past Ohio State University Staff, John L. Kramer, 1999-07 A supplemental reader for courses in American History Written and developed by leading historians and educators this on demand history database offers the freedom and flexibility to compile a customized U S History reader from 59 compelling modules Approximately 35 pages in length each module includes an introduction several primary documents and secondary sources follow up questions and recommendations for further reading Instructors simply decide which modules to include and the order in which they will appear Pearson Custom Publishing compiles the book adds a custom title page and table of contents and ships the bound books directly to the school bookstore within four to six weeks
