Revelation Rationality Knowledge And Truth:

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad, 1998-06-30 Any divide between revelation and rationality religion and logic has to be irrational If religion and rationality cannot proceed hand in hand there has to be something deeply wrong with either of the two Does revelation play any vital role in human affairs Is not rationality sufficient to guide man in all the problems which confront him Numerous questions such as these are examined with minute attention All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute Whatever the intellectual or educational background of the reader this book is bound to offer him something of his interest It examines a very diverse and wide range of subjects including the concept of revelation in different religions history of philosophy cosmology extraterrestrial life the future of life on earth natural selection and its role in evolution It also elaborately discusses the advent of the Messiah or other universal reformers awaited by different religions Likewise many other topical issues which have been agitating the human mind since time immemorial are also incorporated The main emphasis is on the ability of the Quran to correctly discuss all important events of the past present and future from the beginning of the universe to its ultimate end Aided by strong incontrovertible logic and scientific evidence the Quran does not shy away from presenting itself to the merciless scrutiny of rationality It will be hard to find a reader whose queries are not satisfactorily answered We hope that most readers will testify that this will always stand out as a book among books perhaps the greatest literary achievement of this century

Islam's Response to Contemporary Issues Hazrat Mirza Tahir Ahmad, 2007 Presents the teachings of Islam regarding peace in the world today

Just Another Life Meliha Avdic, 2022-03-30 Just Another Life is a novel about an old woman May who is haunted by a seemingly irrelevant memory from her youth that she must share to find peace Everything in life is relative so is it any wonder that the way we judge our life is in comparison to others May knew some amazing people so to her her life was ordinary To make matters worse she cannot figure out why one seemingly insignificant part of her life keeps haunting her so much that she is compelled to write it all every conversation she can still hear though they happened many decades ago Reader s reviews This book is a unique and amazing work of art If May s life is Just Another Life then there is no such thing as an extraordinary life we can all just relax I love the characters and it s been a pleasure to eavesdrop on their conversations The story is great The characters are great The messages are inspiring Loved the inspiration at times I had to close the book and think about things I just heard Benjamin say Loved it The story is great The characters are great The messages are inspiring Loved the inspiration at times I had to close the book and think about things I just heard Benjamin say Loved it Unique plot built around the moral of the story with well developed characters holding everything together yet they fail to hold their own lives changing to fit into their new environment that is changed by outside forces Unique delivery of a unique message
