The Identity and the Life of the Church Yosep Kim, 2014-07-09 This study of John Calvin's ecclesiology argues that Calvin's idea of the twofold identity of the Church its spiritual identity as the body of Christ and its functional identity as the mother of all believers is closely related to his understanding of Christian identity and life which are initiated and maintained by the grace of the triune God The anthropological basis of Calvin's idea of the Church has not been examined fully even though Calvin presents the important concepts of his ecclesiology in light of his anthropological ideas This study offers an overall evaluation for Calvin's ecclesiology arguing that it is ultimately his pastoral concern for the Christian and the Church under affliction that both governs his theological understanding of the Church and shapes his proposals for establishing and sustaining the life of the Church in the world **John Calvin's Ideas** Paul Helm, 2004-11-11 This is a major study of the theological thought of John Calvin which examines his central theological ideas through a philosophical lens looking at issues in Metaphysics Epistemology and Ethics The study the first of its kind is concerned with how Calvin actually uses philosophical ideas in his work as a theologian and biblical commentator The book also includes a careful examination of those ideas of Calvin to which the Reformed Epistemologists appeal to find grounds and precedent for their development of Reformed Epistemology notably the *sensus divinitatis* and the internal testimony of the Holy Spirit **Zeitschrift für Theologie und Kirche**, 2002 Organ für systematische und prinzipielle Theologie **Psalms I-LXXII** James Glentworth Butler, 1892 **Texte und Untersuchungen zur Geschichte der altchristlichen Literatur**, 1982 **The doctrine of sacred scripture, a critical, historical and dogmatic inquiry into the origin and nature of the old and new Testaments** George Trumbull Ladd, 1883 *Fides Et Historia*, 1996 **Let Us Draw Near** Ron Man, 2023-09-28 Drawing upon his experience in teaching this material over the past twenty five years in forty countries Ron Man provides a rich and deep examination of biblical worship drawing principles out of a rigorous study of the text of Scripture He also writes as a

practitioner from the perspective of one who served as a church worship pastor for twenty two years Features distinguishing this book from other similar studies include 1 a tracing of the foundational Revelation and Response pattern through the Scriptures 2 a more thorough treatment of New Testament texts than is often found 3 a comprehensive treatment of the crucial role of Jesus Christ as the true Leader of our worship 4 a consideration of worship as it relates to world missions and 5 a concluding summary of twelve Biblical Principles of Worship synthesizing the results of the study Life in Christ Mark A. Garcia, 2008 In three wide ranging case studies Garcia explores how union with Christ functions in Calvin's thought Garcia explains the way Calvin understands the apostle Paul to connect good works to eternal life in the context of union with Christ He then turns his attention to the relationship of christology and pneumatology in sacramental union or communion with Christ The third study investigates the role of Christ the Spirit and the Eucharist in Calvin's critique of Osiander's views on justifying union with Christ
