Deaf People, Language, and Emancipation in Modern France, 1789-1914 Sabine Arnaud, 2025-09-28 Following the death in 1789 of Abbé de l'Épée the first teacher of deaf pupils renowned in France and beyond revolutionaries committed to founding national institutes for the education of deaf pupils There was little doubt about their ability to integrate as full citizens and communicate fully in sign language and written French One hundred years later deaf writers and journalists were editing journals and penning articles about the impact of politics on the education and social opportunities of deaf people But in broader contexts deaf people's capacities were increasingly reframed within newly established exclusionary and othering scientific and medical categories What made such a reversal possible *Deaf People Language and Emancipation in Modern France 1789-1914* investigates how defining deafness was rarely about an auditory variation teachers physicians legal advisors and governmental representatives understood instead a human variation in the light of a range of norms expectations and misconceptions Drawing on a wide range of contemporary debates about Deaf identity the book considers how such understandings of deafness developed and how deaf people variously challenged these fields of knowledge and their purported expertise to redefine and claim equal rights As a history that makes space for the diversity of deaf and hearing people's aspirations Sabine Arnaud aims to give space to figures who defy linear visions of history Much beyond the debates about the teaching of speech or the use of sign language this book analyzes the broad creation of sign language and fingerspelling systems deaf people's command of rhetoric and poetics their mobilization of literary tools and broad exercise of citizenship These distinctive developments in the history of deaf people's empowerment challenge and broaden current conceptions of identity politics Such an historical approach is crucial in order to understand the emergence of a deaf community and to rethink the different and often contradictory readings of deafness in medical or cultural terms that we are faced with to this day

Gray, Norman Fiering, 2001-01-01 When Columbus arrived in the Americas there were it is believed as many as 2 000 distinct mutually unintelligible tongues spoken in the western hemisphere encompassing the entire area from the Arctic Circle to Tierra del Fuego This astonishing fact has generally escaped the attention of historians in part because many of these indigenous languages have since become extinct And yet the burden of overcoming America s language barriers was perhaps the one problem faced by all peoples of the New World in the early modern era African slaves and Native Americans in the Lower Mississippi Valley Jesuit missionaries and Huron speaking peoples in New France Spanish conquistadors and the Aztec rulers All of these groups confronted America s complex linguistic environment and all of them had to devise ways of transcending that environment a problem that arose often with life or death implications For the first time historians anthropologists literature specialists and linguists have come together to reflect in the fifteen original essays presented in this volume on the various modes of contact and communication that took place between the Europeans and the Natives A particularly important aspect of this fascinating collection is the way it demonstrates the interactive nature of the encounter and how Native peoples found ways to shape and adapt imported systems of spoken and written communication to their own spiritual and material needs      Dreams Designed by God for You Betty Jane Rapin, 2008-12 Dreams can inspire us frighten us and open a new world of discovery But interpreting our dreams is often difficult if not impossible Finding a reliable teacher to help us answer all the questions we have can be equally frustrating until now With warmth and gentleness Rapin tackles several topics as she explains how you too can understand your dreams      **The Message and Deaconess Advocate** ,1889      **The Sunday-school Times** ,1887      The Life of Charles F.
