Silence The Phenomenon And Its Ontological Significance:

Silence, the Phenomenon and Its Ontological Significance Bernard P. Dauenhauer,1980 **Silence, the Phenomenon and Its Ontological Significance** Bernard P. Dauenhauer,1980 Silence Bernard P.

Dauenhauer,1980-01-01 **Literary Silences in Pascal, Rousseau, and Beckett** Elisabeth Marie Loevlie,2003 To explore literary silence is to explore the relationships between literary texts and the silence of the ineffable It is to enquire what dynamics texts develop as they strive to say the unsayable and it is to think literature as a silence that speaks itself This study describes these literary and silent dynamics through readings of Pascal's Pensées Rousseau's Rêveries and Beckett's trilogy Molloy Malone meurt and L'Innommable It contributes to our understanding of three major writers and challenges our idea of what silence is The subject of silence and of the ineffable has a long philosophical and critical tradition A careful study of this tradition reveals the dominance of a limiting dualistic understanding of silence and its relationship to noise or language silence becomes the negative other the beyond about which there remains nothing to say The study of literary silence seeks rather to trace a language that becomes its own silence It compromises the attempt to think a silence that moves within and through texts that is inherent to the literary expression Central to this theoretical endeavour are thinkers like Derrida Deleuze Gadamer and Vattimo among several others The theoretical understanding of silence permits an effective methodology for reading literary silence Notions of repetition the aporia and the implosion which are developed in reference to Kierkegaard and Bataille describe textual strategies of literary silence and structure the readings Finally the reading of literary silence has its point of reference in writers like Mallarmé Blanchot and Beckett It is their texts that have taught us to become topological readers to move in and out of texts movements they have shown us how the literary expression is irreducible to linear meaning oriented language As readers of such texts we have been prepared to read the dynamics of the unsayable and finally to start discerning the silences of the literary *Keeping God's Silence* Rachel Muers,2008-04-15 This ground breaking book provides a new perspective on Christian practices of silence An original theologically informed work written by a significant Quaker theologian Provides a new perspective on Christian practices of silence Considers the theological and ethical significance of these practices Relates silence listening and communication to major contemporary issues Takes forward theological engagement with feminist thought Contributes to ongoing research into the theology of Dietrich Bonhoeffer *The Mystery We Celebrate, the Song We Sing* Kathleen A. Harmon,2008 Music and liturgy seem inseparable yet we seldom pause to ponder their relationship in depth In this volume Kathleen Harmon offers her own insights by creatively exploring the complex interplay between congregational singing and the liturgical celebration of the paschal mystery Harmon asserts that liturgical music in the form of communal singing is a vehicle through which the ritual reenactment of the paschal mystery is effected She addresses concrete and practical pastoral applications of the relationship between music and liturgy She focuses on how the liturgical singing of the assembly creates the collective

consciousness of church as the Body of Christ Music then is much more than just a component of liturgy it is in Harmon s view absolutely constitutive both of liturgy s deepest essence and its fullest realization Professional music scholars graduate students music directors and anyone else seeking a sophisticated analysis of liturgical music will find this volume a rich sourcebook of new ideas Kathleen Harmon SNDdeN is the music director for programs of the Institute for Liturgical Ministry in Dayton Ohio and contributor to Living Liturgy Spirituality Celebration and Catechesis for Sundays and Solemnities an annual resource published by Liturgical Press She is also a columnist for Liturgical Ministry and serves as director of music for St Paul Parish in Englewood Ohio

Silent Statements Michal Beth Dinkler, 2013-10-14 Even a brief comparison with its canonical counterparts demonstrates that the Gospel of Luke is preoccupied with the power of spoken words still words alone do not make a language Just as music without silence collapses into cacophony so speech without silence signifies nothing silences are the invisible inaudible cement that hold the entire edifice together Though scholars across diverse disciplines have analyzed silence in terms of its contexts sources and functions these insights have barely begun to make inroads in biblical studies Utilizing conceptual tools from narratology and reader response criticism this study is an initial exploration of largely uncharted territory the various ways that narrative intersections of speech and silences function together rhetorically in Luke s Gospel Considering speech and silence to be mutually constituted in intricate and inextricable ways Dinkler demonstrates that attention to both characters silences and the narrator s silences helps to illuminate plot characterization theme and readerly experience in Luke s Gospel Focusing on both speech and silence reveals that the Lukan narrator seeks to shape readers into ideal witnesses who use speech and silence in particular ways Luke can be read as an early Christian proclamation not only of the gospel message but also of the proper ways to use speech and silence in light of that message Thus we find that speech and silence are significant matters of concern within the Lukan story and that speech and silence are significant tools used in its telling

The Oxford Handbook of Film Theory Kyle Stevens, 2022 Poses timely questions about the state of cinema today Looks beyond canonical film theory and practitioners Revitalizes an essential part of the discipline s identity Offers provocative new arguments from leading film scholars Book jacket

Sound and Horror in the Giallo Film Damien Pollard, 2025 The Italian giallo was a sleazy violent and stylistically baroque form of horror film that was produced in the hundreds from the 1960s to the 1980s Sound and Horror in the Giallo Film listens closely to these films asking how their soundtracks and their use of the human voice can help us understand the giallo s significance at a time when Italy was undergoing profound postwar social economic political and cultural change Throughout the history of Italian cinema soundtracks have been a site of concerted and sustained intervention by political and economic forces In Sound and Horror in the Giallo Film author Damien Pollard argues that because the giallo film pushed the boundaries of film form while also touting unapologetic commercialism the voices on its soundtracks were both aesthetically exaggerated and directly shaped by commercial imperatives which were influenced by Italy s turbulent postwar years

Featuring case studies of several well known giallo films including *The Girl Who Knew Too Much* *The Bird with the Crystal Plumage* and *Tenebrae* Sound and Horror in the Giallo Film is an original analysis that reveals how the cinematic voice binds film and history *Praying to a French God* Kenneth Jason Wardley, 2016-04-08 As a phenomenologist Lacoste is concerned with investigating the human aptitude for experience as a theologian Lacoste is interested in humanity's potential for a relationship with the divine what he terms the liturgical relationship Beginning from the proposition that prayer is a theme that occurs throughout Lacoste's writing and using this proposition as a heuristic through which to view interpret and critique his thought this book examines Lacoste's place amid both the recent theological turn in French thought and the post war emergence of la nouvelle thologie Drawing upon unpublished and out of print material previously only available in French Romanian or German the book will be of interest to scholars of philosophy phenomenology and theology Barockes Schweigen Claudia Benthien, 2006 Benthien's Buch lotet die vielfältigen Dimensionen des Barocken Schweigens in Literatur Kunst und anderen Diskursen aus Die Studie begreift Schweigen nicht nur als diskursives Anderes als nonverbale Kommunikation und rhetorische Kontrafaktur sondern untersucht seine konkrete Eigendynamik Auf fundamentalere Weise als in nachfolgenden Epochen berührt Schweigen im Barock das Problem der Repräsentation Als Entzug von Darstellung Philosophical Topics, 1983 Vols for 1981 include the proceedings of the Southwestern Philosophical Society *Silence, Sublimity, and Suppression in the Romantic Period* Fiona L. Price, Scott Masson, 2002 This collection of essays by researchers on both sides of the Atlantic is centered on a single theme capable of two main interpretations First it is concerned with the role of silence the sublime and the transcendental Secondly it investigates silence as exclusion suppression and censorship Offering fresh readings of a wide variety of literary works from Shelley to Eliza Fenwick **Philosophisches Jahrbuch** Constantin Gutberlet, 1981 **Philosophie der Philosophie** Karl Albert, 1988 **Revue Indépendante de Philosophie**, 1983 Sufism Lloyd V.
