Simon Said Too:

The Sacred Writings of the Apocrypha the New Testament Matthew Brown Riddle, While the early Church exercised proper discernment and the Canon of the New Testament was soon definitely recognised and universally accepted the apocryphal writings were not without influence The sacred legends the ecclesiastical traditions all too potent in their effect are in many cases to be traced to these writings Much that Rome inculcates is derived from these books which the Western Church constantly rejected Included are The Protevangelium of James The Gospel of Pseudo Matthew The Gospel of the Nativity of Mary The History of Joseph the Carpenter The Gospel of Thomas The Gospel of Nicodemus The Letter of Pontius Pilate and many more *Tried Money Changers Apocrypha* Jonathan Kristian Wain,2019-08-10 An extensive collection of apocrypha divided into Old and New Testaments Some titles are rare and elusive such as Jannes and Jambres Gad the Seer and Psalms of Thomas Some texts are fragmented like the newly discovered Gospel of the Saviour due to the damage sustained by the manuscript The idea of *Tried Money Changers* is to provide the reader with an extensive library of apocrypha in one book Presented in an easy to read format with large text divided into three columns in an A4 size book
