Simone Weil A Sketch For A Portrait:

Simone Weil; a Sketch for a Portrait Richard Rees, 1966 Simone Weil was a remarkable woman a teacher a factory worker a field hand a traveler and a frontline volunteer in the Spanish Civil War yet she found time to write and to philosophize about life and religion Her short life 1909-43 spanned two world wars although she did not live to see the end of the second one The reactions of this French Jewish woman to some of the facets of these conflicts may seem surprising her sympathies and affirmations were perhaps too extreme but she did think for herself in an unorthodox and challenging way and had a passionate sense of justice Mr Rees believes that this book may contain more illumination for the present world's spiritual needs than any other twentieth century commentary Some of Simone Weil's proposals concerning patriotism obligations freedom of expression and the needs of the soul may seem Utopian but they would not be unreasonable in a society adopting her moral code Simone Weil was an intellectual with an essentially tragic view of life but she was not removed from the everyday life Her thought was unique and cannot be classified She was neither a reactionary nor a progressive but a great soul and a brilliant mind as T S Eliot expressed it with a kind of genius akin to that of the saints Since she explored problems which confront modern man the reader will find thoughtful stimulation in her work In a previous book *Brave Men* the author likened her to D H Lawrence both lonely visionaries suffering from a devouring spiritual hunger This book gives a condensed but penetrating account of Miss Weil's interests Since her writings cover more than philosophy and religion the reader will feel compelled to become more familiar with her work *Simone Weil; a Sketch for a Portrait. With a Pref. by Harry T. Moore* Richard Rees, 1966

Simone Weil Richard Rees, 1966 **French Women Writers** Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France Mme De Saligny and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty-two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pisan and Marguerite de Navarre to Rachilde and Héléne Cixous from Louise Labé to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison Book edition Französische Literatur des 20. Jahrhunderts Wolf-Dieter Lange, 1986 *Portraits of Women in International Law* Immi Tallgren, 2023 This fascinating volume offers a set of biographies of women and gender nonconforming people who made a difference in international law but who in most cases were never well known or have been

forgotten These portraits describe each individual s engagement with international law the context in which they worked and the barriers they faced **The British Library General Catalogue of Printed Books to 1975** British Library,1986

The Sacred Art of Lovingkindness Rabbi Rami Shapiro,Rami M. Shapiro,2006 Open your heart and mind and discover through the sacred art of lovingkindness the image and likeness of God in yourself and others The question at the heart of this book is this Will you engage this moment with kindness or with cruelty with love or with fear with generosity or scarcity with a joyous heart or an embittered one This is your choice and no one can make it for you Heaven and hell are both inside of you It is your choice that determines just where you reside from the Introduction We are all born in the image of God but living out the likeness of God is a choice This inspiring practical guidebook provides you with the tools you need to realize the divinity within yourself recognize the divinity within others and act on the obligation to manifest God s infinite compassion in your own life Guided by Rabbi Rami Shapiro you will explore Judaism s Thirteen Attributes of Lovingkindness as the framework for cultivating a life of goodness Shapiro translates these attributes into practices drawn from the teachings of a variety of faith traditions that allow you to actualize God s glory through personal deeds of lovingkindness You will enrich your own capacity for lovingkindness as you Harvest kindness through compassionate honesty Make room in your heart for reality Recognize the manifestations of God Embrace the paradoxical truth of not knowing Be present in the moment Do right by others With candor wit and honesty Shapiro shows you that by choosing to act out of love rather than fear with kindness rather than anger you can transform how you perceive the world and ultimately lead a more complete spiritual life **Art and Mysticism** Louise Nelstrop,Helen Appleton,2018-06-12 From the visual and textual art of Anglo Saxon England onwards images held a surprising power in the Western Christian tradition Not only did these artistic representations provide images through which to find God they also held mystical potential and likewise mystical writing from the early medieval period onwards is also filled with images of God that likewise refracts and reflects His glory This collection of essays introduces the currents of thought and practice that underpin this artistic engagement with Western Christian mysticism and explores the continued link between art and theology The book features contributions from an international panel of leading academics and is divided into four sections The first section offers theoretical and philosophical considerations of mystical aesthetics and the interplay between mysticism and art The final three sections investigate this interplay between the arts and mysticism from three key vantage points The purpose of the volume is to explore this rarely considered yet crucial interface between art and mysticism It is therefore an important and illuminating collection of scholarship that will appeal to scholars of theology and Christian mysticism as much as those who study literature the arts and art history French Prose and Criticism, 1790 to World War II Harold Bloom,1990 A collection of twenty six critical essays on French prose and criticism from 1790 to World War II **The Manuscript Inventories and the Catalogs of Manuscripts, Books, and Periodicals: Book catalog, Pio-State** L Arthur and Elizabeth Schlesinger Library on the History of Women in America,1984

Marxistische Kritik an der Sowjetunion in der Stalinära (1924-1953) Horst-Dieter Beyerstedt, 1987 Die politisch gesellschaftliche Entwicklung Russlands nach der Oktoberrevolution liess sich mit den herkömmlichen marxistischen Kategorien nur schwer erklären und zwang so zu neuartigen Konzeptionen die die bisherige Theorie z.T. erheblich modifizierten Damit bildete die russische Frage der Jahrzehnte hinweg einen der wichtigsten Faktoren für die Weiterentwicklung des Marxismus und seine Aufspaltung in verschiedene Richtungen In der vorliegenden Arbeit wird untersucht wie das Ausgehen von verschiedenen Elementen der bisherigen noch weitgehend gemeinsamen Theorie zur Entstehung unvereinbarer Konzeptionen führte und wie umgekehrt das einmal erarbeitete Bild der Sowjetunion die Interpretation ihrer weiteren Entwicklung beeinflusste
