Reggae Or Not:

Punk Rock Warlord: the Life and Work of Joe Strummer Dr Barry J Faulk, Professor Brady Harrison, 2014-04-28

Punk Rock Warlord explores the relevance of Joe Strummer within the continuing legacies of both punk rock and progressive politics. It is aimed at scholars and general readers interested in The Clash, punk culture, and the intersections between pop music and politics on both sides of the Atlantic. Contributors to the collection represent a wide range of disciplines including history, sociology, musicology, and literature; their work examines all phases of Strummer's career from his early days as Woody the busker to the whirlwind years as front man for The Clash to the wilderness years and Strummer's final days with the Mescaleros. Punk Rock Warlord offers an engaging survey of its subject while at the same time challenging some of the historical narratives that have been constructed around Strummer, the Punk Icon. The essays in Punk Rock Warlord address issues including John Graham Mellor's self-fashioning as Joe Strummer, rock revolutionary, critical and media constructions of punk, and the singer's complicated and changing relationship to feminism and anti-racist politics. These diverse essays nevertheless cohere around the claim that Strummer's look, style, and musical repertoire are so rooted in both English and American cultures that he cannot finally be extricated from either.

Race, Class, and Nationalism in the Twenty-First-Century Caribbean Scott Timcke, Shelene Gomes, 2024-11. This collection of more than a dozen essays focuses on the political dynamics of race, class, and nationalism in the contemporary Caribbean. Despite the plethora of studies on nationalism in the Caribbean, few have attempted to look at the phenomenon as a political invention that does not and cannot serve the interests of all; how essentialist, reductive, overdetermining nationalism is a political and conceptual confusion that forever stalls the project of universal human emancipation. Editors Scott Timcke and Shelene Gomes gather and frame chapters that in their collective expression help trace the process of race, class, and nationalism through the contours of a broader political, economic, and social geography. These chapters argue that notions of racial identity have changed over time, but those reformations are not independent of class, race, or nationalism. By using several case studies that span the Anglo-Dutch, French, and Spanish Caribbean and focus on the development of political organizations, hardships, and ideology, each of these essays continues the struggle for liberation against elite entrenchment.

Writing the Black Diasporic City in the Age of Globalization Carol Bailey, 2022-12-16. *Writing the Black Diasporic City in the Age of Globalization* theorizes the city as a generative, semicircular social space where the changes of globalization are most profoundly experienced. The fictive accounts analyzed here configure cities as spaces where movement is simultaneously restrictive and liberating and where life prospects are at once promising and daunting. In their depictions of the urban experiences of peoples of African descent, writers and other creative artists offer a complex set of renditions of twentieth and twenty-first century Black urban citizens' experience in European or Euro-dominated cities such as Boston, London, New York, and Toronto, as well as Global South cities such as Accra, Kingston, and Lagos that emerged out of colonial domination and which have emerged as hubs of current

globalization Writing the Black Diasporic City draws on critical tools of classical postcolonial studies as well as those of globalization studies to read works by Ama Ata Aidoo Amma Darko Marlon James Cecil Foster Zadie Smith Michael Thomas Chika Unigwe and other contemporary writers The book also engages the television series Call the Midwife the Canada carnival celebration Caribana and the film series Small Axe to show how cities are characterized as open complicated spaces that are constantly shifting Cities collapse boundaries allowing for both haunting and healing and they can sever the connection from kin and community or create new connections **Tell** ,2007 **Reggae Or Not!** LeRoi Jones,1983
