Regions Of Unlikeness Explaining Contemporary Poetry:

Regions of Unlikeness Thomas Gardner, 1999-01-01 In Regions of Unlikeness Thomas Gardner explores the ways a number of quite different twentieth century American poets including Elizabeth Bishop John Ashbery Robert Hass Jorie Graham and Michael Palmer frame their work as taking place within and being brought to life by an acknowledgment of the limits of language Gardner approaches their poetry in light of philosopher Stanley Cavell's remarkably similar engagement with the issues of skepticism and linguistic finitude The skeptic's refusal to settle for anything less than perfect knowledge of the world Cavell maintains amounts to a refusal to accept the fact of human finitude Gardner argues that both Cavell and the poets he discusses reject skepticisms world erasing conclusions but nonetheless honor the truth about the limits of knowledge that skepticism keeps alive In calling attention to the limits of such acts as describing or remembering the poets Gardner examines attempt to renew language by teasing a charged drama out of their inability to grasp with certainty Juxtaposed with Gardner's readings of the work of the younger poets are his interviews with them In many ways these conversations are at the core of Gardner's book demonstrating the wide ranging implications of the struggles and mappings enacted in the poems The interviews are themselves examples of the charged intimacy Gardner deals with in his readings

be said by poets concerning this nation so hungry for learning and so fixated on its own power To these questions the literary critics collected here find some answers in the poetry of Robert Pinsky Susan Howe Robert Hass Anthony Hecht Adrienne Rich Sharon Olds Ed Dorn and August Kleinzahler American Women Poets in the 21st Century Claudia Rankine, Juliana Spahr, 2013-10-01 Poetry in America is flourishing in this new millennium and asking serious guestions of itself Is writing marked by gender and if so how What does it mean to be experimental How can lyric forms be authentic This volume builds on the energetic tensions inherent in these questions focusing on ten major American women poets whose collective work shows an incredible range of poetic practice Each section of the book is devoted to a single poet and contains new poems a brief statement of poetics by the poet herself in which she explores the forces personal aesthetic political informing her creative work a critical essay on the poet s work a biographical statement and a bibliography listing works by and about the poet Underscoring the dynamic give and take between poets and the culture at large this anthology is indispensable for anyone interested in poetry gender and the creative process CONTRIBUTORS Rae Armantrout Mei mei Berssenbrugge Lucie Brock Broido Jorie Graham Barbara Guest Lyn Hejinian Brenda Hillman Susan Howe Ann Lauterbach Lyric and Liberalism in the Age of American Empire Hugh Foley, 2022-08-15 What is the difference Harryette Mullen between the I of a poem the lyric subject and the liberal subject of rights Lyric and Liberalism in the Age of American Empire uses this question to re examine the work of five major American poets changing our understanding of their writing and the field of post war American poetry Through extended readings of the work of Elizabeth Bishop Robert Lowell Amiri Baraka John Ashbery and Jorie Graham Hugh Foley shows how poets have imagined liberalism as a problem for poetry Foley s book offers a new approach to ongoing debates about the nature of lyric by demonstrating the entanglement of ideas about the lyric poem with the development of twentieth century liberal discussions of individuality Arguing that the nature of American empire in this period underpinned by the discourse of individual rights forced poets to reckon with this entanglement it demonstrates how this reckoning helped to shape poetry in the post war period By tracing the ways a lyric poem performs personhood and the ways that this person can be distinguished from the individual envisioned by post war liberalism Foley shows how each poet stages a critique of liberalism from inside the standpoint of lyric This book demonstrates the capacities of poetry for rethinking its own relation to history and politics providing a new perspective on a vital era of American poetry

Jorie Graham Thomas Gardner, 2005 Jorie Graham

is one of the most important American poets now writing This first book length study brings together thirteen previously published essays and review essays by many of the major critics currently interested in her work and five new essays commissioned for this volume Commenting on each of Graham's eight poetry collections these essays encompass the range of critical thought that her work has attracted both surveying it broadly and engaging closely with individual poems These essays identify three broad concerns that run through each of her strikingly different volumes of poems the movement of the mind in action the role of the body in experiencing the world and the pressures of material conditions on mind and body alike Gardner both shows how Graham is being read at the moment and charts new areas of investigation likely to dominate thinking about her over the next decade This collection is sure to become the crucial first step for all future work on Graham and on American poetry of the last two decades The Facts on File Companion to American Poetry Burt Kimmelman, Temple Cone, Randall Huff, 2008 An introduction to American poets poetry and literary movements from colonial times to the 21st century Contemporary American Women Poets Catherine Cucinella, 2002-11-30 This reference contains alphabetically arranged entries on nearly 70 American women poets who published significant works after WWII Each entry consists of four sections Biography Major Works and Themes Critical Reception and Bibliography both primary and secondary Those profiled include well known poets such as Maya Angelou and Sylvia Plath as well as those who are only beginning to attract the interest of critics Annotation copyrighted by Book News Inc Portland OR Publications of the Modern Language Association of America, 2003 John Ashbery in Conversation with Mark Ford John Ashbery, Mark Ford, 2003 Wallace Stevens And The Apocalyptic Mode Malcolm Woodland, 2005-08 Wallace Stevens and the Apocalyptic Mode focuses on Stevens stance toward the apocalyptic past his use of and resistance to apocalyptic language It explores the paradoxical roles of apocalyptic and anti apocalyptic rhetoric in modernist and postmodernist poetry and theory particularly as these emerge in the poetry of Stevens and Jorie Graham Critical Survey of Poetry Philip K. Jason, 2003 Presents alphabetized profiles of nearly seven hundred significant poets from around the world providing biographies primary and secondary bibliographies and analysis of their works A Door Ajar Thomas Gardner, 2006 Critics have said that Emily Dickinson has no heirs and her poetry represents the zenith of the experimental method she developed in the mid 19th century Thomas Gardner disagrees In this study he takes up conversation with four contemporary writers in whose work he finds an extension or expansion of Dickinson's literary legacy The Kenyon Review John Crowe Ransom, 2004 Editor winter 1939 autumn 1941 J C Ransom I Am Otherwise Alex E. Blazer, 2007 I Am Otherwise The Romance between Poetry and Theory after the Death of the Subject examines the contemporary poet s relationship with language in the age of theory As the book works through close readings and interpretations of Adrienne Rich and Harold Bloom John Ashbery and Paul de Man Jorie Graham and Maurice Blanchot and Barrett Watten and Jacques Lacan it shows how the main psychological modes of contemporary poetry and the postmodern poet are anxiety irony abjection and destitution The book ultimately

concludes that the new theoretical poetry self consciously renders the effect of critical theory in its own construction Whereas poets of the past tarried with nature self or philosophy poets of our time unite lyric feeling with literary theory itself CURRENT CONTENTS January 7, 2002 Volume 24 Number 1, 2002
