Reign Of Quantity:

The Reign of Quantity and the Signs of the Times René Guénon, 2001 The Reign of Quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Guénon sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Guénon predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Guénon's texts of civilizational criticism as is *Symbols of Sacred Science* among his studies on symbols and cosmology and *Man and His Becoming* according to the Vedanta among his more purely metaphysical works The Reign of Quantity & the Signs of the Times René Guénon, 2001 Critique of modern Western civilization from the point of view of traditional metaphysics **The Reign of Quantity and the Signs of the Times** René Guénon, 1972 Critique of modern Western civilization from the point of view of traditional metaphysics

Reign of Quantity Rene Guenon, 2000-01-01 Description The present volume carries the discussion forward that was initiated by the author in his book namely *La Crise du Monde moderne* As the title of the book suggests the author has been deeply concerned with the malady that has gripped the modern civilization While analyzing the sickness of contemporary civilization the author has equally concerned itself with the study of such traditional societies particularly the societies of the Orient which still maintain unbroken continuity between the past and the present As to whether this historical continuity will continue into the future is a mute question as most of the Oriental societies are giving into the pressures that Westernization has unleashed **The British Almanac ...
