Pick a God, Any God Doris Neumann,Doug Olson,2002-09 **Remarkable Healings** Shakuntala Modi,2025-09-12 Psychiatry remains an emerging discipline Many people suffer from ailments that have no apparent cause no obvious cure Quite by accident while using hypnotherapy Dr Modi discovered that pastlife regression can be a beneficial treatment Many of these patients under hypnosis claimed to have spirits attached to their bodies and energy fields creating psychological and physical problems Based on years of experience Dr Modi describes techniques that release

these spirits revealing how patients can sometimes recover within a few sessions While most doctors would agree that emotional states affect our health few would give credence to spiritual influences In this truly groundbreaking book Dr Modi presents evidence that something beyond the physical affects the health of many people and urges medical scientists to objectively assess this revolutionary approach to mental and often physical illness Pioneers have the courage to put aside the status quo and evaluate what the evidence shows even if it defies the prevailing logic of the time Both physicians and the general public should explore the pioneering work of Dr Modiwork which no doubt has produced many remarkable healings
