Evangelical and African Pentecostal Unity Hugh Osgood, 2024-04-18 As the

millennium approached the number of independent African Pentecostal churches in Britain increased rapidly Having assimilated classical Pentecostalism and the charismatic movement and having begun to find ways of working with the Caribbean Pentecostal denominations it remained to be seen how UK evangelicalism would fare with African Pentecostals This book looks at the intricacies of the relationship at a time that provided ample opportunities to weigh the benefits and challenges of integration from every possible angle *Reinventing Religion* Peter Moore, 2020-10-07 Many of us proponents and critics alike commonly make assumptions about religion We may presume that religion is mainly about having beliefs or being good or that it is concerned with spiritual rather than material issues or that religious ideas and practices are meant to be somehow timeless Such views Peter Moore argues work only to obscure the truth that religion is essentially humanity's quest to become fully human This enlightening exposition questions our very understanding of faith and contends that religions should remain open to reinventing themselves both practically and intellectually rediscovering neglected traditions and finding new ways forward Written with subtlety and passion this book gets to the heart of ongoing debates about the validity and purpose of religion *Handbook of African Catholicism* Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism *Jesus als Lebensretter* Werner Kahl, 2007 In Westafrika breitet sich das Christentum seit einigen Jahrzehnten aufgrund indigener Initiativen rapide aus Dabei spielt das Verständnis vor allem des Neuen Testaments eine wesentliche Rolle In der Arbeit unternimmt es der Verfasser populär als auch akademische Lesertendenzen des Neuen Testaments in Westafrika am Beispiel Ghanas darzustellen und sie im Kontext von traditioneller Religiosität Lebensbedingungen und Pentekostalisierung zu erklären Aus dieser ethnologischen Perspektive ergeben sich Neuentdeckungen am Neuen Testament **Jesus in Post-Missionary Africa** Nicholas Ibeawuchi Mbogu, 2012-07-23 Fachbuch aus dem Jahr 2012 im Fachbereich Theologie Sonstiges Sprache Deutsch Abstract Since the 1960s African theology has been a locus of debate on the relevance of the Christian God in African societies Pioneer African theologians felt the need to protest against what was considered as the disregard or even denial of African religious cultures by Western missionaries They called for a theology that would take seriously African religious values The Christological inquiry that is the question about how to present Christ meaningfully to Africans has dominated this debate for more than 30 years This enquiry is based on the assumption that missionary Christianity did not bring God to Africa rather it brought Christ Hence presenting Christ through African symbols will help Africans to become Christians without losing their identity However there seem to be a shift in the recent times Young African theologians see the need to move away from a cultural nostalgic anti missionary theology to a free expression of the Christian faith in such a way that it responds to the Africans present search for meaning as well as the necessary healthy tension between the Gospel and Cultures This theology is more critical and kerygmatic While prolonging the intuition of pioneer African theologians it seeks to offer broader scriptural and

dogmatic bases to faith interpretation in Africa The book *Jesus in Post Missionary Africa Questions and Issues in African Contextual Christology* proposed here by the Claretian theologian Nicholas Mbogu takes its place in this refreshing shift of emphasis The author states clearly that our proclamation of God in Africa will be seriously deficient without an adequate Christology The book is presented in ten chapters Chapters 1-3 present the origin and development of theology in Africa It is shown clearly that since the seminal gestures of Black priests who wrote the famous book *Des pretres noirs* in 1956 asking whether and how catholicity can integrate the Negritude African theology has affirmed and consolidated itself as a contextual theology that is mindful of orthodoxy With dexterity the author shows the interpretation of theology and historical events as well as historical science and literature Political and economic developments especially the search for independence and distorted systems of post colonial government also affected theology in Africa

Christianity in Crisis? Jon Sobrino, Felix Wilfred, 2005 Concilium has long been a household name for cutting edge critical and constructive theological thinking Past contributors include leading Catholic scholars such as Hans Kung, Gregory Baum and Edward Schillebeeckx and the editors of the review belong to the international who's who in the world of contemporary theology Published five times a year each issue reflects a deep knowledge and scholarship presented in a highly readable style and each issue offers a wide variety of viewpoints from leading thinkers from all over the world

Poverty and Christianity Michael Hugh Taylor, 2000 Michael Taylor spent 12 years of his life as director of Christian Aid during which time he came face to face with world poverty In this book he gives three examples of theological work which promotes historical change in favour of the poor

African Christianity Paul Gifford, 1999 *A Theology of Poverty Reduction in Tanzania* Abednego Keshomshahara, 2008

Reinventing Richard Nixon Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements

BOOK JACKET *Prophetic Christianity in Western Kenya* Marko Kuhn, 2008 The first chapter of this book deals with the history of Christian mission activity in Western Kenya and points out the particularities of the missionaries as well as the mission churches Within this context the history of the African Independent Churches AICs is placed which appear as a merging of various traditions and motivations the

pursuit of independence from the colonial power and the mission churches connected with it the preservation of traditional African religiousness and the absorption of Pentecostal piety with its heavy emphasis on the gifts of the spirit In the following chapters the stance of AICs towards involvement in political debates is explored and discussed This is done on the basis of semi structured interviews with local leaders as well as bishops and representatives of church networks Another topic is the contribution of AICs to the inculturation of the Christian faith in the African context especially in view of the academic African Theology and the Pentecostal Churches The last part of the book deals with the question of the future of the AICs and their ecumenical relations this is done in the context of the rapid expansion Neo Pentecostal groups and movements

The Next Christendom Philip Jenkins, 2007 The first edition of *The Next Christendom* has been hailed as a landmark in our understanding of modern Christianity In this new and substantially expanded second edition Jenkins continues to illuminate the remarkable expansion of Christianity in the global South in Africa Asia and Latin America as well as the clash between Islam and Christianity since September 11 Among the major topics covered are the growing schism between Northern and Southern churches over issues of gender and sexuality immigrant and ethnic churches in North America and a special section on the split within the Anglican Communion The first in a three book trilogy on the changes besetting modern Christianity this award winning book will be welcomed by all of those who have come to recognize Philip Jenkins as one of our leading commentators on religion and world affairs
