**Italian Foreign and Colonial Policy** Foreign Policy Association, 1928      **Study of the Regional Impact of the Community's External Trade Policy** Commission of the European Communities, 1983      *The Logic of Unity* Geoffrey Parker, 1975      Sustainability Issues in Agricultural and Rural Development Policies: Trainee's reader Food and Agriculture Organization of the United Nations. Policy Analysis Division. Training Service, 1995      *The Dynamics of Chinese Regional Development* Jane Golley, 2007 This book surveys the competing or sometimes complementary roles of the state and the market in shaping China's pattern of regional development during the Communist era The uneven pace of industrialisation across China's provinces during its economic transition raises numerous questions regarding spatial patterns of industrial development in a developing transitional economy Jane Golley's book answers questions such as Why have inter regional inequalities in industrial development come to exist Why are they tending to increase How have regional policies and reform strategies impacted on these trends How if at all can these trends be reversed A comparative economic systems analysis of the Mao and Deng eras combined with theoretical and empirical evidence of the disequilibrium nature of regional development depicts the recent trend of rising inequality across China as being both inevitable and ongoing The central government's Western Development Strategy is assessed in this context The most novel contribution of the book is the development of a framework for thinking about regional development and policy which combines two distinct approaches new economic geography and comparative economic systems analysis which can be used to understand patterns of regional development anywhere in the world The application of this framework to regional development during the Mao and Deng

eras provides a uniquely holistic and easy to read coverage of the topic The Dynamics of Chinese Regional Development will appeal to undergraduate and postgraduate students of the Chinese economy The book will also find an audience in scholars and researchers of Chinese and Asian studies more generally as well as students and scholars of economics political economy and regional science      **Regional Policy** Jill Preston, 1994      Economic Policy Cedric Thomas Sandford, M.
