Regular Talk Only Shorter:

Abstract Extremely Short Diana Ivanova, 2013-03-07 Time is the thing we wish we could sell and buy we might be lost seeking the way to do it only we still have this short option called life and the powers to make it our way It is our parallel life our free fantasy going its ways during the whole saturated with events busy days in everyday life hard decisions and the caused need of bringing back to life all our inner world to make us alive *Philosophy of the Short Term* Jay Lampert, 2023-12-14 The concept of the short term involves a complex network of quantitative qualitative and operational ideas It is essential everywhere from the ontology of time to the science of memory to the preservation of art to emotional life to the practice of ethics But what does the idea of the short term mean What makes a temporal term short What makes a time segment terminate Is the short term a quantitative idea or a qualitative or functional idea When is it a good idea to understand events as short term events and when is it a good idea to make decisions based on the short term What does it mean for the nature of time if some of it can be short Jay Lampert explores these questions in depth and makes use of the resources of short as well as long term processes in order to develop best temporal practices in ethical aesthetic epistemological and metaphysical activities both theoretical and practical The methodology develops ideas based on the history of philosophy from Plato to Hegel to Husserl to Deleuze interdisciplinary studies from cognitive science to poetics and practical spheres where short term practices have been studied extensively from short term psychotherapy to short term financial investments *Philosophy of the Short Term* is the first book to deal systematically with the concept of the short term
