Facebook Home Depot Near Me:

What is wrong with you? A collection of my Facebook status updates. Kevin Shadow-Walker, 2017-12-02 My posts on Facebook from the past year broken into different groups This contains many things that will offend people so don't bother getting this unless you are able to handle offensive stuff I make no apologies for the words written I repeat it is intended to offend people plain and simple Breaking Away Maurice E. Stucke, 2022 Breaking Away sounds a warning call alerting readers that their privacy and autonomy concerns are indeed warranted and the remedies deserve far greater attention than they have received from our leading policymakers and experts to date Through the various prisms of economic theory market data policy and law the book offers a clear and accessible insight into how a few powerful firms Google Apple Facebook Meta and Amazon have used the same anticompetitive playbook and manipulated the current legal regime for their gain at our collective expense While much has been written about these four companies power far less has been said about addressing their risks In looking at the proposals to date however policymakers and scholars have not fully addressed three fundamental issues First will more competition necessarily promote our privacy and well being Second who owns the personal data and is that even the right question Third what are the policy implications if personal data is non rivalrous Breaking Away not only articulates the limitations of the current enforcement and regulatory approach but offers concrete proposals to promote competition without having to sacrifice our privacy This book explores how these platforms accumulated their power why the risks they pose are far greater than previously believed and why the tools need to be far more robust than what is being proposed Policymakers scholars and business owners managers and entrepreneurs seeking to compete and innovate in the digital platform economy will find the book an invaluable source of information **Good Girl** Lauren Layne, 2017-02-14 In Good Girl this steamy novel from Lauren Layne author of bestselling Sex Love Stiletto Oxford and Wedding Belles romantic comedy series country music's favourite good girl hides away from the world and finds herself bunking with a guy who makes her want to be a little bad Perfect for fans of Jessica Lemmon Lauren Blakely and Emma Chase Jenny Dawson moved to Nashville to write music not get famous But when her latest record goes double platinum Jenny's suddenly one of the town's biggest stars and the center of a tabloid scandal connecting her with a pop star she's barely even met With paparazzi tracking her every move Jenny flees to a remote mansion in Louisiana to write her next album The only hiccup is the unexpected presence of a brooding young caretaker named Noah whose foul mouth and snap judgments lead to constant bickering and serious heat Noah really should tell Jenny that he's Preston Noah Maxwell Walcott the owner of the estate where the feisty country singer has made her spoiled self at home But the charade gives Noah a much needed break from his own troubles and before long their verbal sparring is indistinguishable from foreplay But as sizzling nights give way to quiet pillow talk Noah begins to realize that Jenny's almost as complicated as he is To fit into each other's lives they'll need the courage to face their problems together before the outside world catches up to them Want more

Raw Deal Steven Hill, 2015-10-20 What's going to happen to my job? That's what an increasing number of anxious Americans are asking themselves. The US workforce, which has been one of the most productive and wealthiest in the world, is undergoing an alarming transformation. Increasing numbers of workers find themselves on shaky ground, turned into freelancers, temps, and contractors. Even many full-time and professional jobs are experiencing this precarious shift. Within a decade, a near majority of the 145 million employed Americans will be impacted. Add to that the steamroller of automation, robots, and artificial intelligence already replacing millions of workers and projected to obsolesce millions more, and the jobs picture starts looking grim. Now a weird yet historic mash-up of Silicon Valley technology and Wall Street greed is thrusting upon us the latest economic fraud: the so-called sharing economy, with companies like Uber, Airbnb, and TaskRabbit allegedly liberating workers to become independent and their own CEOs hiring themselves out for ever smaller jobs and wages while the companies profit. But this share-the-crumbs economy is just the tip of a looming iceberg that the middle class is drifting toward.

Raw Deal: How the Uber Economy and Runaway Capitalism Are Screwing American Workers by veteran journalist Steven Hill is an exposé that challenges conventional thinking and the hype celebrating this new economy by showing why the vision of the techno-sapien leaders and their Ayn Rand libertarianism is a dead end. In **Raw Deal**, Steven Hill proposes pragmatic policy solutions to transform the US economy and its safety net and social contract, launching a new kind of deal to restore power back into the hands of American workers.

Stand Out Social Marketing: How to Rise Above the Noise, Differentiate Your Brand, and Build an Outstanding Online Presence Mike Lewis, 2012-11-09 Competing on the social web isn't enough. You have to STAND OUT. **Stand Out Social Marketing** explains how today's best-known brands draw attention that pays in the crowded space of social media and how you can do the same for your brand. **Stand Out Social Marketing** outlines the tools and tactics to develop more meaningful and effective social media strategies. Brian Solis, bestselling author of *The End of Business as Usual* and *Engage*, a stand-out must-read. Dave Kerpen, CEO of Likeable Media and author of the New York Times bestselling *Likeable Social Media* and *Likeable Business*. Take these tips, work to implement these ideas, and look around to learn from who's tried what. Erik Qualman, bestselling author of *Socialnomics* and *Digital Leader*. Mike gives you the tools you need to rise above the noise and develop a stand-out social marketing strategy. Larry Weber, Chairman of W2Group and bestselling author of *Marketing to the Social Web*. Lewis's unique ability is in presenting complex topics within an easily digestible framework, enabling marketers to implement these strategies in their company. Jeremiah Owyang, Partner at Altimeter Group. You can launch a social marketing strategy, but unfortunately, it doesn't come with a handbook until now. **Stand Out Social Marketing** is an important read if you're serious about social marketing. Taulbee Jackson, CEO of Raidious.
