

Pilates Equipments

A collage of Pilates equipment. In the top left, a large blue textured mat is partially unrolled. Next to it is a blue ring. In the bottom left, there are two white foam rollers and a coiled green resistance band. In the center, a blue cylinder lies horizontally. On the right, a woman in a teal tank top and leggings is performing a Pilates exercise, leaning over the blue cylinder with her hands on a small white disc. A pink circular graphic with orange teardrop shapes is behind her.

The Bathroom Key Kathryn Kassai, Kim Perelli, 2011-12-20 Urinary incontinence is an underdiagnosed and underreported condition with major economic and psychosocial effects on society Women are more likely to experience it due to issues with the pelvic floor brought on by pregnancy and menopause The Bathroom Key is a treatment plan for women to cure their own incontinence issues It also allows women to identify with other women through the anecdotal stories that echo their feelings of isolation and embarrassment Written in easy to understand language the book is a genuine teaching tool guiding the reader to a better understanding of her body and effective remedies Whereas in recent years some mention of the Kegel muscles and exercises have become common knowledge this book is much more than just Kegels By incorporating key elements of the physical therapy approach in this book the reader will be encouraged to self assess modify behaviors re train her bladder alter dietary habits and practice a variety of exercises to self treat and cure her incontinence In most cases urinary incontinence is completely treatable with physical therapy Women can regain bladder control not have to take medications throw away pads and regain their dignity The Bathroom Key Is Written in a friend to friend style that reveals the secrecy around urinary incontinence through real life stories of women dealing with the embarrassing and life altering symptoms Advocates for PT as something that can radically help the problem Lists a variety of behavioral and practical exercises and allow people to self treat at home and also tells them when they need to see a physical therapist
