Pioneer Conservationists Of Western America:

Modern American Environmentalists George A. Cevalasco, Richard P. Harmond, 2009-04-27 Modern American Environmentalists profiles the lives and contributions of nearly 140 major figures during the twentieth century environmental movement Included are iconic environmentalists such as Rachel Carson E O Wilson Gifford Pinchot and Al Gore and important but less expected names including John Steinbeck and Allen Ginsberg The entries recount how each individual became active in environmental conservation detail his or her significant contributions trace the influence of each on future efforts and discuss the person's legacy The individuals selected for the book displayed either an unparalleled commitment to the conservation preservation restoration and enhancement of the natural environment or made a major contribution to the growth of environmentalism during its first century With a foreword by environmental historian Everett I Mendolsohn a time line of key environmental events a bibliography of groundbreaking works and an index organized by specialization this biographical encyclopedia is a handy and complete guide to the major people involved in the modern American environmental movement Mark Harvey

The Mountainous West William Wyckoff, Lary M. Dilsaver, 1995-01-01 Traditional interpretations of the American West have concentrated on the importance of its aridity to the region's cultural evolution and development But the West is marked by a second fact of physical geography that distinguished it from the experiences of settlers from the east As pioneers struggled with the climate west of the hundredth meridian they were also confronted by mountains strewn across the region and offering their own set of limitations and opportunities This volume focuses on these green islands of the Mountainous West that have witnessed patterns of settlement and development distinct from their lowland neighbors In thirteen essays the contributors address the mountains by means of five themes the mountains as barriers to movement islands of moisture a zone of concentrated resources an area of government control and a restorative sanctuary The focus ranges from California's Sierra Nevada to the Rocky Mountains of Colorado Utah and Montana William K Wyckoff is an associate professor Department of Earth Sciences Montana State University He is the author of The Developer's Frontier The Making of the Western New York Landscape and of articles in many journals including The California Geographer Social Science Journal Geographical Review and Journal of Historical Geography Lary M Dilsaver is a professor in the Department of Geology and Geography University of South Alabama The author with William Tweed of Challenge of the Big Trees A Resource History of Sequoia and Kings Canyon National Parks he has also written articles in journals such as Geographical Review Annals of Tourism Research and Yearbook of the Association of Pacific Coast Geographers

The Mythic West in Twentieth-century America Robert G. Athearn, 1986 Briefly describes life in the West and discusses the ephemeral nature of the region western towns the tourist industry agriculture fiction and the ecology movement

Pioneering Conservation in Alaska Ken Ross, 2017-10-01 A companion volume to Environmental Conflict in Alaska Pioneering Conservation in Alaska chronicles the central land and wildlife issues and the growth of environmental

conservation in Alaska during its Russian and territorial eras The Alaskan frontier tempted fur traders whalers salmon fishers gold miners hunters and oilmen to take what they could without regard for long term consequences Wildlife species ecosystems and Native cultures suffered sometimes irreparably Damage to wildlife and lands drew the attention of environmentalists including John Muir who applied their influence to enact wildlife protection laws and set aside lands for conservation Alaska served as a testing ground for emergent national resource policy in the United States as environmental values of species and ecosystem sustainability replaced the unrestrained exploitation of Alaska's early frontier days Efforts of conservation leaders and the territory's isolation small human population and late development prevented widespread destruction and gave Americans a unique opportunity to protect some of the world's most pristine wilderness Enhanced by more than 100 photographs *Pioneering Conservation in Alaska* illustrates the historical precedents for current natural resource disputes in Alaska and will fascinate readers interested in wildlife and conservation [Selected References](#)
