The Family Tree Historical Newspapers Guide James M. Beidler, 2018-03-20 There are more historical newspaper resources than you think and they're easier to access than you know. When researched properly, no other type of record can beat historical newspapers in taking the pulse of their times and places, recording not just the names but also information important to the community. This comprehensive how-to guide will show you how to harvest the social media of centuries past to learn about your ancestors and the times and places they lived in. With step-by-step examples, case studies, templates, worksheets, and screenshots, this book shows you what you can find in online and offline historical newspapers, from city dailies to weekly community papers to foreign language gazetteers. The Family Tree Historical Newspapers Guide features tips and techniques for finding crucial genealogy records in newspapers, such as birth announcements, obituaries, and even news reports. Step-by-step guides for using popular online newspaper databases such as GenealogyBank and Newspapers.com. Case studies that will put information found in newspapers to use. **Genealogical Research in Ohio** Kip Sperry, 2003 This research guide describes Ohio sources for family history and genealogical research. It also includes extensive footnotes and bibliographies, addresses of repositories that house Ohio historical and genealogical records and oral histories, and addresses of chapters of the Ohio Genealogical Society. Valuable Ohio maps conclude this work. This new edition describes many Ohio sources on the Internet and compact discs, as well as additional genealogical and historical sources and bibliographies of Ohio sources.
