Pioneers Peddlers Tsadikim:

Jewish Women Pioneering the Frontier Trail Jeanne E Abrams, 2006-09-29 Jeanne E Abrams has written a sweeping challenging and provocative history of Jewish women in the American West a pathbreaking work The image of the West looms large in the American imagination Yet the history of American Jewry and particularly of American Jewish women has been heavily weighted toward the East Jewish Women Pioneering the Frontier Trail rectifies this omission as the first full book to trace the history and contributions of Jewish women in the American West In many ways the Jewish experience in the West was distinct Given the still forming social landscape beginning with the 1848 Gold Rush Jews were able to integrate more fully into local communities than they had in the East Jewish women in the West took advantage of the unsettled nature of the region to open new doors for themselves in the public sphere in ways often not yet possible elsewhere in the country Women were crucial to the survival of early communities making distinct contributions not only in shaping Jewish communal life but outside the Jewish community as well Western Jewish women's level of involvement at the vanguard of social welfare and progressive reform commerce politics and higher education and the professions is striking given their relatively small numbers This engaging work full of stories from the memoirs and records of Jewish pioneer women illuminates the pivotal role they played in settling America's Western frontier Fast and engrossing As a piece of scholarly writing it should be required reading in any course on the American West that seeks to broaden the definition of what it means to be a Westerner

Colorado Book Review Center *Women of Consequence* Jeanne Varnell, 1999 The Colorado Women's Hall of Fame was founded in 1985 by a group of women who were concerned that both historic and contemporary women who shared foresight vision enthusiasm and the power of accomplishment were not receiving appropriate acknowledgment Fearful that splendid achievements would be forgotten they wished to honor women who during their lifetime made a significant contribution to Colorado as a state or territory It is the hope of the founders that by so honoring Colorado's women of consequence their spirits might inspire future generations In the first decade since the founding fifty nine women were selected for induction Although historians habitually ignored the vital part that women played in the building of the West in actuality these women's lives contain plots and characters that would enliven the most gripping novels We have saints like Frances Wisebart Jacobs and the theatrical angel Helen Bonfils activists such as Josephine Roche and Rachel Noel a scientific genius in Florence Sabin and visionaries like Dana Crawford There are tragedies as with the Tabor wives and the lighter hearted tales of Mary Elitch Long and Mary Coyle Chase *Women of Consequence* provides a bonanza of role models who opened new frontiers for women in so many fields including business journalism and newspaper publishing science and medicine law politics education charity work botany and even taxidermy These stories are sure to inspire delight and instruct readers throughout Colorado from young adults to senior citizens whether they've lived here all their lives or moved here recently

Pioneers, Peddlers, and Tsadikim Ida Libert Uchill, 1979 *Immigrant Institutions* George E. Pozzetta, 1991 *Antisemitism in*

America Leonard Dinnerstein, 1995-11-02 Gracefully written and monumental in scope this important volume offers readers the first comprehensive history of antisemitism in the United States from colonial times to the present Written by one of the foremost experts on ethnic history it traces American antisemitism from its roots in the dawn of the Christian era and the arrival of the first European settlers through the eighteenth and nineteenth centuries to its peak during World War II and its present day permutations with separate chapters on antisemitism and Jewish anxieties in the South and African American attitudes from the 1830s to the 1990s Author Leonard Dinnerstein argues convincingly that Christian viewpoints underly all American antisemitism No matter what other factors or forces may have been in play at any given time he insists the basis for prejudice towards Jews in the United States and in the colonial era before it must be Christian teachings and Christianity's portrayal of Jews Dinnerstein maintains that while the first settlers from Europe carried antisemitism as part of their intellectual and cultural baggage antisemitism in America would never grow to be as strong and vitriolic in America as it was in Europe Once separated from England the United States never had an official church and the federal government never sanctioned antisemitic policies Policies of legal equality individual liberty and civil rights for white men religious freedom for white men and women and all of these ultimately for African Americans Native Americans and Asians as well developed Unfortunately however the ancestral European Christian obsessions with Jews and their alleged attributes have also become an irrevocable art of the American heritage and periodically Jews have been accused of stubbornly refusing to embrace Jesus plotting to undermine the American government exploiting the economically less fortunate being more concerned with their international brethren than with their American compatriots and withholding patriotic fervor during the nation's battles with its enemies Drawing on a wealth of sources with meticulous scholarship Dinnerstein shows how the interplay of these various and mixed factors have contributed to Americans' perceptions of Jews over the last two hundred years and have determined as well the experiences and opportunities that Jews have had in the United States
