B. Shaw; a Collection of Critical Essays* Ralph James Kaufmann, 1965 A collection of essays on Shaw s artistry in using the drama to project his intense social and political convictions *The Text in Play* Robert Baker-White, 1999 Many modern playwrights have dramatized the process of theatrical creation within their plays In doing so they have disregarded the do not disturb sign on the rehearsal room door and have opened the art of theater to a particular kind of scrutiny This scrutiny is unusual given the long standing tradition of secrecy that surrounds theatrical rehearsal Viewing modern drama generally as a drama that juxtaposes authority and freedom and viewing contemporary criticism as essentially an extended debate on the issue of meaning s closure this study invokes the critical perspectives M M Bakhtin Roland Barthes and Bertolt Brecht to create a general theory of rehearsal practice that differentiates it from the practice of performance Working with notions of textual authority explored in a variety of critical contexts this volume attempts to explore the theoretical ramifications of metatheatrical representations of rehearsal **Pirandello's Theatre of Living Masks** Umberto Mariani, Alice Gladstone Mariani, 2011-08-06 Nobel Prize winning dramatist Luigi Pirandello is known worldwide for his innovative complex plays In Pirandello s Theatre of Living Masks Umberto Mariani and Alice Gladstone Mariani offer the first new edition in nearly sixty years of six of his major works *Liola* *It Is So If You Think So* *Six Characters in Search of an Author* *Henry IV* *Each in His Own Way* and *The Mountain Giants* Mariani and Mariani s translations of these texts are both vibrant and faithful to the originals using contemporary expressions and unambiguous language to facilitate readability and comprehension This edition also offers a critical introduction to each play s most significant characters and structures highlighting themes and poetics as they correspond to Pirandello s entire body of work Pirandello s Theatre of Living Masks will appeal to those already familiar with his plays and those looking to discover one of the twentieth century s great dramatists **Shelfmark : Bulletin of the National Free**

poststructuralist Study Mehdi Sepehrmanesh,2012-07-30 Thesis M A from the year 2011 in the subject Philosophy Theoretical Realisation Science Logic Language grade none language English abstract After the World Wars a sense of skepticism and indeterminacy towards the objective reality and truth thought to be attained by the heritage of modernity became an obsession for the thinkers and philosophers questioning the nature of truth The present study is an attempt to trace the notion of indeterminacy in the plays of Luigi Pirandello s Six Characters in Search of an Author and It Is So and Sam Shepard s True West and Buried Child from the point of view of poststructuralist philosophers namely Derrida Paul de Man Nietzsche and theories of modern Physics Einstein s relativity and quantum physics To achieve this purpose a thorough investigation of the plays through the lens of indeterminacy has been conducted The first focus is Derrida s two notions Differance and binary oppositions Differance reflects on the deferment of meaning and his idea of binary oppositions concentrates on the fact that of the two sides of oppositions neither side has privilege over the other side since a part of meaning exists in the opposite one and they get their meaning from each other Furthermore de Man s rhetoric pointing to the figurative nature of language which causes the meaning to delay Nietzsche s view of truth having a mobile stance and the theories of modern physics with regard to Einstein s relativity and indeterminacy extant in quantum mechanics have been approached Through the application of these ideas it is proved that neither Pirandello s nor Shepard s have fixed meanings rather they always grant floating meanings that never reach a definite signified Characters of the plays have an indeterminate natures changing from one type of personality to another one Moreover it is seen that how the concept of relativity is working through the play causing different characters to have the same view of the same event regarding reality and truth Journal of Dramatic Theory and Criticism ,1989 **Neue Beiträge zur Literaturwissenschaft** ,1955
