breast of the great Pacific a coral reef surrounding and a calm lagoon within on the glass like surface of which rests a most
piratical looking schooner Such is the scene to which we invite our reader s attention for a little while At the time of which
we write it was an eminently peaceful scene So still was the atmosphere so unruffled the water that the island and the
piratical looking schooner seemed to float in the centre of a duplex world where every cloudlet in the blue above had its exact
counterpart in the blue below No sounds were heard save the dull roar of the breaker that fell at long regular intervals on the
seaward side of the reef and no motion was visible except the back fin of a shark as it cut a line occasionally on the sea or the
stately sweep of an albatross as it passed above the schooner s masts and cast a look of solemn inquiry upon her deck *In*
