The Signal and the Noise Nate Silver, 2012-09-27 The International Bestseller by The Galileo of number crunchers  
Independent Every time we choose a route to work decide whether to go on a second date or set aside money for a rainy day  
we are making a prediction about the future Yet from the financial crisis to ecological disasters we routinely fail to foresee  
hugely significant events often at great cost to society The rise of big data has the potential to help us predict the future yet  
much of it is misleading useless or distracting In The Signal and the Noise the New York Times political forecaster Nate  
Silver who accurately predicted the results of every state in the 2012 US election reveals how we can all develop better  
foresight in an uncertain world From the stock market to the poker table from earthquakes to the economy he takes us on an  
enthraling insider's tour of the high stakes world of forecasting showing how we can all learn to detect the true signals amid
