the franchise's return in an animated series and its subsequent history on television and film up to expectations for the 2013 J.J. Abrams film. Along the way Greenberger analyzes Star Trek's unique cultural impact and tremendous cult following including the famous and first ever save the show mail campaign. But this isn't a sugarcoated history; this book chronicles the missteps as well as the achievements of Roddenberry and others behind the franchise. Approximately two dozen sidebars provide personal experiences of dedicated Trekkies who influenced or became a part of the franchise. Star Trek fandom is unparalleled in the effects it has had on the franchise itself. The book is illustrated with a large collection of photographs of memorabilia many of which have never been seen before in print.
