### **Place Between Stations Stories:**

**Radio and Social Transformation in China** Wei Lei, 2019-04-18 The first systematic comprehensive and critical English language study of radio in China this book documents a historical understanding of Chinese radio from the early twentieth century to the present Covering both public matters and private lives *Radio and Social Transformation in China* analyses a range of themes from healthcare migration and education to intimacy family and friendship Through a concentrated and thorough scrutiny of a variety of new genres and radio practices in post Mao China it also investigates the interaction between radio and social change particularly in the era of economic reform Building on the core theoretical concept of compressed modernity each of the radio genres explored is shown to embody China's efforts to achieve modernity while simultaneously exemplifying radio's capacity to manage the challenges that have arisen from the country's distinctive and perhaps unique process of modernization Written in an engaging style this book makes an important contribution to radio history internationally As such it will be of great interest to students and scholars of broadcast media radio and Communication Studies as well as Chinese culture and society

**The Great Exchange: Making the News in Early Modern Europe** Joad Raymond Wren, 2025-07-10 An epic history of the birth of news in Europe *News moves* It is a battle a scandal a disaster It is a letter a newspaper a proclamation News is a material thing but also something between us something we take into us and feel This book tells the story of news from the sunset of the Middle Ages to the rise of mass media in modern times It begins in Renaissance Italy with the envoys and merchants who drew in and disseminated news across Europe establishing its channels and conventions Following the beat of news around the continent it uncovers a vast invisible network traversing the boundaries of geography and politics religion and language Joad Raymond Wren allows the reader to see news of the battle of Lepanto the siege of Vienna spreading around this network in real time Dispelling the tenacious myth that news was until the printing press scarce and unreliable and until the telegraph slow and provincial he opens up windows onto a world buzzing with news from faraway News brought the distant closer and provided the means for Europe to know itself The continent was for a time held together by that most essential of human acts communication

*The Smithsonian History of Space Exploration* Roger D. Launius, 2018-10-23 The first in depth fully illustrated history of global space discovery and exploration from ancient times to the modern era *The Smithsonian History of Space Exploration* examines civilization's continued desire to explore the next frontier as only the Smithsonian can do it Buzz Aldrin Gemini 12 and Apollo 11 astronaut and author of *No Dream Is Too High* Former NASA and Smithsonian space curator and historian Roger D. Launius presents a comprehensive history of our endeavors to understand the universe honoring millennia of human curiosity ingenuity and achievement This extensive study of international space exploration is packed with over 500 photographs illustrations graphics and cutaways plus plenty of sidebars on key scientific and technological developments influential figures and pioneering spacecraft Starting with space exploration's origins in the pioneering work undertaken by

ancient civilizations and the great discoveries of the Renaissance thinkers Launius also devotes whole chapters to our space race to the Moon space planes and orbital stations and the lure of the red planet Mars He also offers new insights into well known moments such as the launch of Sputnik 1 and the Apollo Moon landing and explores the unexpected events and hidden figures of space history The final chapters cover the technological and mechanical breakthroughs enabling humans to explore far beyond our own planet in recent decades speculating on the future of space exploration including space tourism and our possible future as an extraterrestrial species This is a must read for space buffs and everyone intrigued by the history and future of scientific discovery This oversize offering is a space nerd s dream come true Booklist

**Variation in Modern Standard Arabic in Radio News Broadcasts** Mark van Mol,2003 For this study a corpus linguistic approach was chosen requiring the compilation of a text corpus of radio news bulletins from linguistically very different countries Algeria Egypt and Saudi Arabia

The Railroad in American Fiction Grant Burns,2015-01-28 Nothing better represented the early spirit of American expansion than the railroad Dominant in daily life as well as in the popular imagination the railroad appealed strongly to creative writers For many years fiction of railroad life and travel was plentiful and varied As the nineteenth century receded the railroad s allure faded as did railroad fiction Today it is hard to sense what the railroad once meant to Americans The fiction of the railroad often by railroaders themselves recaptures that sense and provides valuable insights on American cultural history This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important Each entry includes plot and character description to help the reader make an informed decision on the source s merit A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes hoboes and the roles of women and African Americans Such writers of pure railroad fiction as Harry Bedwell Frank Packard and Cy Warman are well represented along with such literary artists as Mark Twain Thomas Wolfe Flannery O Connor and Ellen Glasgow Work by minority writers including Jean Toomer Richard Wright Frank Chin and Toni Morrison also receives close attention An appendix organizes entries by decade of publication and the work is indexed by subject and title
