King,2025-11-20 What is attention How do we use it And why does it matter In an age of distraction in which we feel overrun by attention diverting devices these questions are as important as ever While scientists and philosophers have explored these questions in part theologians have largely ignored them Despite this the Christian theological tradition contains many rich resources for pursuing answers to these questions Theological Attention attempts to mine resources from this tradition and psychology and philosophy to answer them In the first part of the book Theological Attention explores what attention is Though the aim is to develop a fresh way of thinking about our attention called theological attention it considers basic attention defined in conversation with psychology and philosophy and virtuous attention defined in conversation with moral philosophy The focus remains however on theological attention which foregrounds God and his relationship to us in how we conceive of attention In the second part the book considers the role of theological attention and spiritual formation When we reorient our thinking about attention around God and how God relates to us we see too that attention is crucial for our spiritual formation How we attend determines how we are formed The Message Eugene H. An Exposition of the Prophet Ezekiel William Greenhill, 1839 **The Catechism Explained** Francis Spirago, 1899 This Catechism is divided into three parts. The first part treats of faith, the second of morals, the third of the means of grace. In the first part, Our Lord appears in His character of Teacher; in the second in His character of King; and in the third in His character of High Priest. And since this Catechism proposes as its primary object to answer the question for what purpose are we here upon earth, thereby emphasizing and giving prominence to man's high calling and destiny, it is especially suited to the present day when the pursuit of material interests, self-indulgence, and pleasure engrosses the attention of so many. This Catechism is in fact nothing more nor less than an abstract of Our Lord's teaching and may be called a guide book for the Christian on the road to heaven.
