At Home in the Hills John N. Gray, 2000 To most outsiders the hills of the Scottish Borders are a bleak and foreboding space usually made to represent the stigmatized Other Ad Finis by the centers of power in Edinburgh London and Brussels At a time when globalization seems to threaten our sense of place people of the Scottish borderlands provide a vivid case study of how the being in place is central to the sense of self and identity Since the end of the thirteenth century people living in the Scottish Border hills have engaged in armed raiding on the frontier with England developed capitalist sheep farming in the newly united kingdom of Great Britain and are struggling to maintain their family farms in one of the marginal agricultural rural regions of the European Community Throughout their history sheep farmers living in these hills have established an abiding sense of place in which family and farm have become refractions of each other Adopting a phenomenological perspective this book concentrates on the contemporary farming practices shepherding selling lambs and rams at auctions as well as family and class relations through which hill sheep fuse people place and way of life to create this sense of being at home in the hills

Understanding Human-Nature Practices for Environmental Management E. C. H. Keskitalo, 2025-04-03 Nature has often been understood in literature through a disjunction to human systems This can be seen in the nature culture binary or even more clearly in the opposition of wilderness to civilization Drawing on historical and present day examples and case studies from Northern Europe this book critically examines the ways in which the use of such dichotomies can be transcended to respond to sustainability challenges Using illustrative examples the authors demonstrate how shared histories and development of land use continue to impact multiple practices today The book explores the prerequisites for environmental management approaches that counterpose the nature culture binaries that are present in existing governance mechanisms This volume will be of great interest to students and scholars of environmental management environmental law and policy and environmental anthropology

Family Farming Possibilities, 1990

Rural Europe Keith Hoggart, Henry Buller, Richard Black, 1995 This book examines the interaction at national and international level of the economic political and social change processes within Europe that are bringing about fundamental transformations in rural areas Although such changes are experienced at a local level they are heavily imbued with a national tone given that European nations possess distinctive visions of their rural areas These rural identities set limits within which economic political and social agents can act Yet these limits are constantly being subjected to strain particularly with the globalization of economic activity and the strengthening impetus for

integrated EC policies Between Plan and Market Raimo Blom, Harri Melin, Jouko Nikula, 1996 While the Baltic states continue to develop into free market economies these nation s new legal and political institutions are still in a process of formation Political organization is in a state of flux labor relations and labor markets are practically nonexistent These unusual conditions of change present challenging problems to the sociologist Unique in approach this book emphasizes techniques for merging systemic social and communal levels of analysis providing a coherent view in a difficult area of research It is argued that cyclical rather than linear concepts of change are the more fruitful in evaluating mechanisms of social transformation **Finland** John Ernest Oliver Screen, 1997 Updated from the 1981 edition to include works from after Finland joined the European Union in 1995 Cites and briefly describes sources on geography history population religion politics and government economy and finance employment the environment education languages literature arts periodicals and other aspects of the country Also cites children s books encyclopedias and other bibliographies Annotation copyrighted by Book News Inc Portland OR *Antropologi i Finland* ,2000 *Bibliographie internationale des arts et traditions populaires* Paul Geiger, Robert Wildhaber, 1995 **Finnish Folk Culture** Ilmar Talve, 1997 This is the first comprehensive account in English of Finland s material folk culture habits and folklore It contains a wealth of photographs and maps and provides a good insight into Finnish folk culture against the general cultural trends in Europe The subject is made all the more interesting by the fact that Finland has for centuries been a melting pot for cultural influences from both East and West Finnish Folk Culure is a handbook both for students and for anyone interested in folk tradition and its history It contains an index and a bibliography of works in English and German **Agrarian Change in Tanzania** Solomon Mombeshora, 2000
