Place Of The Wild A Wildlands Anthology:

Place of the Wild David Clarke Burks, 1994-10 The contributors apply the insights of conservation biology to the importance of wilderness in the 21st century raising questions and stimulating thought The volume begins with a series of personal narratives that present portraits of wildlands and humans Following those narratives are more analytical discourses that examine conceptions and perceptions of the wild and of the place of humanity in it **Green Space, Green Time**

Connie Barlow, 2012-12-06 In a provocative book that is sure to be controversial Connie Barlow puts forth a compelling case for breaching the barrier between science and religion in effect for a reunification of knowledge and meaning Evolutionary biology rendered as an Epic of Evolution provides a powerful origin story appropriate for our times Conservation biology ecology and Gaia theory all reveal how we fit in with the natural world Barlow argues that they can not only inform our ethics but also expand our sense of meaning In dozens of unusually candid conversations with leading scientists and philosophers she presents an emerging view of a new meaning for science in our lives and why this new meaning is crucial for our times Green Space Green Time could well mark a turning point in humanity's troubled relationship with nature John Davis Editor Wild Earth Magazine *Earth Repair* Marcus Hall, 2005 Just as the restoration of Michelangelo's Last Judgment sparked enormous controversy in the art world so are environmental restorationists intensely divided when it comes to finding ways to rehabilitate damaged ecosystems Although environmental restoration is quickly becoming a widespread pursuit debate over the methods and goals of this endeavor often halts progress The same question confronts artistic and environmental restorationists Which systems need restoring and to what states should they be restored In *Earth Repair A Transatlantic History of Environmental Restoration* Marcus Hall explores the answer to this question while offering an alternative to the usual narrative of humans disrupting and spoiling the earth Hall's purpose is not to deny that humans have done lasting damage but to show that those who believed in restoration did not always agree on what they wanted to restore or how or to what form With guidance from the pioneer conservationist George Perkins Marsh the reader travels between the United States and Italy to see that restoration has taken many forms over the past two hundred years from maintaining and repairing to gardening and naturalizing By contrasting land management in these two countries and elsewhere *Earth Repair* clarifies different meanings of restoration shows how such meanings have changed through time and place and suggests how restorationists can apply these insights to their own practices **Encyclopedia of Global Change** Andrew S. Goudie, 2002 Mapping the relationship between human society and the Earth the *Encyclopedia of Global Change* is the first general reference guide to the impact of politics population economics and technology on the planet Containing over 300 original signed articles by distinguished scholars it is the comprehensive work for this multi-discipline high profile field The *Encyclopedia* synthesizes current knowledge on natural and human made changes in the Earth's physical chemical and biological systems and the effects of these changes on society Areas such as altered ecosystems climate change food supply

water production and consumption population and the political impact of global change are covered in detail And the clearly written articles also include responses to global modification agreements and associations institutions policies biographies and case studies Enhanced by 1 500 illustrations extensive cross references bibliographies and an index the Encyclopedia of Global Change links essential knowledge across many fields geography geology geophysics atmospheric science political science economics technology and others in a resource that is both accessible and authoritative The jargon free language makes it an excellent work for the professional scholar as well as the interested general reader

Place of the Wild David Clarke Burks,1994-10 The contributors apply the insights of conservation biology to the importance of wilderness in the 21st century raising questions and stimulating thought The volume begins with a series of personal narratives that present portraits of wildlands and humans Following those narratives are more analytical discourses that examine conceptions and perceptions of the wild and of the place of humanity in it

The Cultic Milieu Jeffrey S. Kaplan,Heléne Lööw,2002-07-31 In 1999 a seemingly incongruous collection of protestors converged in Seattle to shut down the meetings of the World Trade Organization Union leaders environmentalists dressed as endangered turtles mainstream Christian clergy violence advocating anarchists gay and lesbian activists and many other diverse groups came together to protest what they saw as the unfair power of a nondemocratic elite But how did such strange bedfellows come together And can their unity continue In 1972 another period of social upheaval sociologist Colin Campbell posited a cultic milieu An underground region where true seekers test hidden forgotten and forbidden knowledge Ideas and allegiances within the milieu change as individuals move between loosely organized groups but the larger milieu persists in opposition to the dominant culture Jeffrey Kaplan and Helene Loow find Campbell s theory especially useful in coming to grips with the varied oppositional groups of today While the issues differ current subcultures often behave in similar ways to deviant groups of the past The Cultic Milieu brings together scholars looking at racial religious and environmental oppositional groups as well as looking at the watchdog groups that oppose these groups in turn While providing fascinating information on their own subjects each essay contributes to a larger understanding of our present day cultic milieu For classes in the social sciences or religious studies The Cultic Milieu offers a novel way to look at the interactions and ideas of those who fight against the powerful in our global age

The Oxford Companion to Global Change David J. Cuff,2008 In recent years global change has become increasingly important in technological ecological and political spheres This companion examines the environmental events of recent times and investigates long term trends as well as broader issues of global change

Updating the Literary West ,1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West s literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars

A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children s literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West s literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister **Big Sky Rivers** Robert Kelley Schneiders,2003 To frame his story Schneiders goes back to the nineteenth century journals of fur traders and settlers and in the record of flora fauna floods and human activity he finds evidence of rapid and disruptive change Bison once had the greatest influence on the land and Schneiders depicts an original bison and Indian trail networks on which were overlaid the first torts and towns and then the railroads highways and reservoirs that reconfigured the region forever **Choice** ,1994 Restoration & Management Notes ,1995 Deep Ecology for the Twenty-First Century George Sessions,1995-01-24 Instead of thinking of nature as a resource to be used for human needs deep ecology argues that the true value of nature is intrinsic This comprehensive and wide ranging anthology contains almost 50 articles by the leading writers and thinkers in the field offering a broad array of perspectives on this important approach to environmentalism **Western American Literature** ,2009 ECOS ,1996

Writing the Sacred Into the Real Alison Hawthorne Deming,2001 Deming writes about the importance of nature writing for our peripatetic times Because our lives are materially less connected to the natural world they are spiritually less connected Through the arts through the story of the captain whose boat honors the Kwakiutl Wild Woman of the Woods or the fisherman who sacrificed his catch to save two whales we fall again into harmony with place and each other we write the sacred into the real BOOK JACKET *The Library Journal* ,1999 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *International Journal of Ecoforestry* ,1994 **Wilderness** ,1994 **Natural Areas Journal** ,1995 **The Wildfire Reader** George Wuerthner,2006-08-04 The Wildfire Reader presents in an affordable paperback edition the essays included in Wildfire offering a concise overview of fire landscapes and the past century of forest policy that has affected them
