Tabiolo, Never Meant to Share Lived but never spoke aloud I feel everything so deeply and yet say so little Maybe that s why it hurts more than it should Some thoughts were never meant to be spoken just quietly felt written down then hidden away This collection is built from those moments late night realizations unsent messages things left on read and feelings that never found the right time to be said It moves through the ache of growing apart from people who once felt permanent the weight of unspoken words and the lingering softness of places that no longer exist but still feel like home These pieces don t aim to fix advise or explain only to be honest about what it means to feel everything and say nothing There s sadness here but also stillness Regret but also reflection It holds space for people who overthink small things remember too much and carry emotions they can t always name This isn t a story with a clear ending it s a pause in the middle of figuring things out A space for anyone who s ever felt too much and said too little Some pages will feel like someone else s thoughts Others might feel like your own Because some of the most personal things are also the most shared even if we never meant to *Space Oddity* Catherynne M.
