**Unveiling Sustainable Architecture Design and planning** Dr. G. Yogapriya, R. Shalini Kumari, Dr. Sharmila Jagadisan, 2024-03-07 Unveiling Sustainable Architecture Design and planning takes readers on a transforming journey to the forefront of green building Each chapter reveals a fresh dimension of sustainable architecture from Ken Yeang's visionary bioclimatic structures that transform urban living to the vertical wonders of green walls Explore India's unique tapestry of sustainable architecture Agriculture's agrarian integration and the ecological impact of green roofs Following chapters bring biomimicry, new materials and energy efficient landscapes to life providing architects with a road map for designing in harmony with nature The voyage concludes in a literature study on the growth of global and Indian green building grading systems as the narrative expands to sustainable cities green materials and urban transportation This is the handbook that encourages architects urban planners and enthusiasts to reinvent our urban landscapes for a future in which sustainability and innovation coexist effortlessly

**The Art of Classic Planning** Nir Haim Buras, 2020-01-28 An accomplished architect and urbanist goes back to the roots of what makes cities attractive and livable demonstrating how we can restore function and beauty to our urban spaces for the long term Nearly everything we treasure in the world's most beautiful cities was built over a century ago Cities like Prague Paris and Lisbon draw millions of visitors from around the world because of their exquisite architecture walkable neighborhoods and human scale Yet a great deal of the knowledge and practice behind successful city planning has been abandoned over the last hundred years not because of traffic population growth or other practical hurdles but because of ill considered theories emerging from Modernism and reactions to it The errors of urban design over the last century are too great not to question The solutions being offered today sustainability walkability smart and green technologies hint at what has been lost and what may be regained but they remain piecemeal and superficial In *The Art of Classic Planning* architect and planner Nir Haim Buras documents and extends the time tested and holistic practices that held sway before the reign of Modernism With hundreds of full color illustrations and photographs that will captivate architects planners administrators and developers *The Art of Classic Planning* restores and revitalizes the foundations of urban planning Inspired by venerable cities like Kyoto Vienna and Venice and by the great successes of Le Corbusier's *La Ville Radieuse* Washington Haussmann's Paris and Burnham's Chicago Buras combines theory and a host of examples to arrive at clear guidelines for best practices in classic planning for today's world *The Art of Classic Planning* celebrates the enduring principles of urban design and invites us to return to building beautiful cities

***The Yoga of Cleaning*** Jennifer Carter Avgerinos, 2014-02-27 What is *The Yoga of Cleaning* These are two activities that don't usually go together Or do they Yoga means union or yoking of the mind body and spirit When these three aspects of us are brought to the task of cleaning which is the art of purification a greater expansion of well being is created When cleaning is combined with the technologies of yoga and its sister philosophies ayurveda meditation and vastu the result is the cultivation of sacred space within our homes

and within our lives You do not need to practice yoga to read this book and you need not be a germ a phoebe either This essential guide will show you how to spiritualize your cleaning routine take back your life and recreate your home as sacred space Praise for The Yoga of Cleaning In the yoga world a popular meme is to take the practice off the mat and bring it into daily life The Yoga of Cleaning does just that in full force and with playful intention This very fascinating book poses the surprising interplay between yogic principles yogic philosophy and the processes of cleaning The Yoga of Cleaning is not just an esoteric overview that attempts to stimulate a deeper awareness and sense of spirituality to cleaning Nor is it simply a how to cleaning manual Instead Jennifer has produced a work that merges the two in an engaging fashion introducing the reader to methods that inspire otherwise mundane household and personal chores to something of a higher purpose She reminds us that all actions have meaning and impact on our lives She supports the process with holistic efficient and streamlined strategies for care of the self and its surroundings Steven Weiss MS DC RYT author of The Injury Free Yoga Practice
