Plane Verse:

A Text-book of Plane Surveying William Galt Raymond, 1896 **Who Is to Blame for Judges 19?** Grace Kwan Sik Tsoi, 2022-06-29 The horrific text of Judges 19 is puzzling especially to Chinese Christians who read the Chinese Union Version This dominant translation of the Bible seems to place the blame for the tragedy on the concubine which in turns legitimizes violence against women Using tools of narrative intertextual and ideological criticism Tsoi reveals an anti Levite rhetoric in the text that has been neglected by translators An examination of the translation context suggests that an anti concubinage agenda in the social context of Republican China might have contributed to the bias in the translation resulting in more than a century of misinterpretation among Chinese Christians **The Verbal System of Biblical Aramaic** Michael B. Shepherd, 2008 Grammarians have been unable to provide a sufficient explanation for the verbal system of Biblical Aramaic by means of the standard categories of tense and aspect Michael B Shepherd exposes this situation and suggests a way out of the present impasse through distributional analysis by proposing that Biblical Aramaic has a primary verbal form for narration and a primary verbal form for discourse This simple yet comprehensive proposal holds true not only for Biblical Aramaic but also for extra Biblical Aramaic texts This volume is an indispensable resource for courses in Biblical Aramaic and for anyone who wishes to read and understand the Biblical Aramaic corpus **Elementary Text-book of Zoology** Carl Claus, 1885 *The Calcutta Christian Observer*, 1835 **Perspective Criticism** Gary Yamasaki, 2013-02-28 Perspective Criticism sets out a new and illuminating biblical methodology designed to help the reader of biblical narratives in which there is a character engaged in action but no explicit indication from the storyteller on how the action is to be evaluated Gary Yamasaki argues that in these cases we are receiving cryptic guidance from the author through the narrative technique of point of view In such cases the methodology of Perspective Criticism may be applied to reveal this abstruse guidance Gary Yamasaki provides a series of frames of analysis within the theory of Perspective Criticism which may be applied to biblical stories the spatial psychological informational temporal phraseological and ideological perspectives Because the majority of the point of view devices found in biblical narratives are also used in cinematic storytelling the book includes accessible analyses of film scenes providing pop culture illustrations of the workings of the point of view perspective Gary Yamasaki concludes by applying his method to two case studies the New Testament story of Gamaliel and the Old Testament story of Gideon In his work Yamasaki creates a valuable foundation for the deeper understanding of biblical narrative a gift to anyone who has struggled with the concealed messages that should be divined in biblical point of view narratives **A Text-book of Mineralogy** Edward Salisbury Dana, James Dwight Dana, 1877 **A key to the exercises and examples contained in A text-book of Euclid's Elements, books i.-iv.
