celebration of his gifts as an artist Eastwood has evolved not only as a director but also as an actor a screenwriter a producer and a score composer to become one of the most revered figures in Hollywood Perhaps it is because he started out in Hollywood with such little influence on the final product that he now demonstrates such a strong desire to collaborate with others and provide help wherever he can In addition to casting off his reputation as a hack and accumulating two Oscar nominations for Best Actor over the past 15 years he has guided other actors to no less than three Academy Award wins The executives love him because he has made them money over the years occasionally even making one for them in exchange for financial backing on other projects Critics love him because of the care he takes in creating his films Audiences love him because he has never lost his sense of entertainment even as his artistry has matured
