Personal Data in Competition, Consumer Protection and Intellectual Property Law Mor Bakhoun, Beatriz Conde Gallego, Mark-Oliver Mackenrodt, Gintarė Surblytė-Namavičienė, 2018-11-02. This book analyses the legal approach to personal data taken by different fields of law. An increasing number of business models in the digital economy rely on personal data as a key input. In exchange for sharing their data online, users benefit from personalized and innovative services. But companies' collection and use of personal data raise questions about privacy and fundamental rights. Moreover, given the substantial commercial and strategic value of personal data, their accumulation, control and use may raise competition concerns and negatively affect consumers. To establish a legal framework that ensures an adequate level of protection of personal data while at the same time providing an open and level playing field for businesses to develop innovative data based services is a challenging task. With this objective in mind and against the background of the uniform rules set by the EU General Data Protection Regulation, the contributions to this book examine the significance and legal treatment of personal data in competition law, consumer protection law, general civil law and intellectual property law. Instead of providing an isolated analysis of the different areas of law, the book focuses on both synergies and tensions between the different legal fields, exploring potential ways to develop an integrated legal approach to personal data.

Jab, Jab, Jab, Right Hook Gary Vaynerchuk, 2013-11-26. New York Times bestselling author and social media expert Gary Vaynerchuk shares hard won advice on how to connect with customers and beat the competition. A mash up of the best elements of *Crush It* and *The Thank You Economy* with a fresh spin, *Jab, Jab, Jab, Right Hook* is a blueprint to social media marketing strategies that really works. When managers and marketers outline their social media strategies, they plan for the right hook: their next sale or campaign that's going to knock out the competition. Even companies

committed to jabbing patiently engaging with customers to build the relationships crucial to successful social media campaigns want to land the punch that will take down their opponent or their customer's resistance in one blow Right hooks convert traffic to sales and easily show results Except when they don't Thanks to massive change and proliferation in social media platforms the winning combination of jabs and right hooks is different now Vaynerchuk shows that while communication is still key context matters more than ever It's not just about developing high quality content but developing high quality content perfectly adapted to specific social media platforms and mobile devices content tailor made for Facebook Instagram Pinterest Twitter and Tumblr
