Pioneer Black Robes On The West Coast:

Pioneer Black Robes on the West Coast Peter Masten Dunne (S.I.),1940 **Pioneer Black Robes on the West Coast** Peter Masten Dunne (S.J., Le P.),1940 The Spanish Borderlands Frontier, 1513-1821 John Francis Bannon,1974
The classic history of the Spanish frontier from Florida to California **Peter Masten Dunne , Pioneer Black Robes on the West Coast** Peter Masten Dunne,2022-09-23 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1940 **Records of the American Catholic Historical Society of Philadelphia** ,1962 **Mission of Sorrows** John L. Kessell,1970 The Mission of Guevavi on the Santa Cruz River in what is now southern Arizona served as a focal point of Jesuit missionary endeavor among the Pima Indians on New Spain s far northwestern frontier For three quarters of a century from the first visit by the renowned Eusebio Francisco Kino in 1691 until the Jesuit Expulsion in 1767 the difficult process of replacing one culture with another the heart of the Spanish mission system went on at Guevavi Yet all but the initial years presided over by Father Kino have been forgotten Drawing upon archival materials in Mexico Spain and the United States including accounts by the missionaries themselves and the surviving pages of the Guevavi record books Kessell brings to life those forgotten years and forgotten men who struggled to transform a native rancher a into an ordered mission community Of the eleven Black Robes who resided at Guevavi between 1701 and 1767 only a few are well known to history Others such as Joseph Garrucho who presided more years at Guevavi than any other Padre Alexandro Rapicani son of a favorite of Sweden s Queen Christina Custodio Zimeno Guevavi s last Jesuit have the details of their roles filled in here for the first time In this in depth study of a single missionary center Kessell describes in detail the daily round of the Padres in their activities as missionaries educators governors and intercessors among the often indifferent and occasionally hostile Pimas He discusses the Pima uprising of 1751 and the events that led up to it concluding that it actually continued sporadically for some ten years The growing ferocity of the Apache the disastrous results of certain government policies especially the removal of the Soba puri Indians from the San Pedro Valley and the declining native population due to a combination of enforced culture change and epidemics of European diseases are also carefully explored The story of Guevavi is one of continuing adversity and triumph It is the story finally of expulsion for the Jesuits and a few short years later the end of Mission Guevavi at the hands of the Apaches In **Mission of Sorrows** Kessell has projected meticulous research into a highly readable narrative to produce an important contribution to the history of the Spanish Borderlands **The Yaquis and the Empire** Raphael Brewster Folsom,2014-11-11 This important new book on the Yaqui people of the north Mexican state of Sonora examines the history of Yaqui Spanish interactions from first contact in 1533 through Mexican independence in 1821 The Yaquis and the Empire is

the first major publication to deal with the colonial history of the Yaqui people in more than thirty years and presents a finely wrought portrait of the colonial experience of the indigenous peoples of Mexico's Yaqui River Valley. In examining native engagement with the forces of the Spanish empire, Raphael Brewster Folsom identifies three ironies that emerged from the dynamic and ambiguous relationship of the Yaquis and their conquerors: the strategic use by the Yaquis of both resistance and collaboration; the intertwined roles of violence and negotiation in the colonial pact; and the surprising ability of the imperial power to remain effective despite its general weakness. Published in Cooperation with the William P. Clements Center for Southwest Studies, Southern Methodist University. **The Pacific Historical Review** Anna Marie Hager, 1976

Visualizing the Miraculous, Visualizing the Sacred Robert H. Jackson, 2014-10-21 French historian Robert Ricard postulated a quick and facile evangelization of the native populations of central Mexico. However, evidence shows that native peoples incorporated Catholicism into their religious beliefs on their own terms and continued to make sacrifices to their traditional deities. In particular, the deities of rain, Tlaloc and Dzahui, and the fertility of the soil, Xipe Totec, continued to be important following the conquest and the beginning of the so-called spiritual conquest. This study examines visual evidence of the persistence of traditional religious practices, including embedded pre-hispanic stones placed in churches and convents and pre-hispanic iconography in what ostensibly were Christian murals. **Missions Begin with Blood** Brandon Bayne, 2021-10-26 Winner 2022 Frank S. and Elizabeth D. Brewer Prize. While the idea that successful missions needed Indigenous revolts and missionary deaths seems counterintuitive, this book illustrates how it became a central logic of frontier colonization in Spanish North America. *Missions Begin with Blood* argues that martyrdom acted as a ceremony of possession that helped Jesuits understand violence, disease, and death as ways that God inevitably worked to advance Christendom. Whether petitioning superiors for support, preparing to extirpate Native idolatries, or protecting their conversions from critics, Jesuits found power in their persecution and victory in their victimization. This book correlates these tales of sacrifice to deep genealogies of redemptive death in Catholic discourse and explains how martyrological idioms worked to rationalize early modern colonialism. Specifically, missionaries invoked an agricultural metaphor that reconfigured suffering into seed that, when watered by sweat and blood, would one day bring a rich harvest of Indigenous Christianity.
