Pippo And Patty:

Pippo and Patty Michelle Gagnon,2000 In simple text where readers can lift the flaps to see how Pippo and Patty do everything together **Two Brothers** Frank Briganti,2006-11 In the late fifties as more and more immigrants migrated to the U S in a way it was kind of disheartening for them because they had to go through some kind of physical checkup and some were held in quarantine until the authorities were satisfied with the outcome of whatever the illness was The percentage of these cases were very low and eventually they were accepted into this country which today that is not the case This particular family had no such problems and that made the transition much enjoyable These two particular brothers were unique in their own ways and accepted what life put in front of their paths They faced the problems and the pleasures of life without having someone else take responsibility for their actions even though at times the actions that they took were not the most favorable ones It was rare that they disagreed on whatever they had to do but as human beings we have our moments where we as individuals are never wrong Even though age between two brothers as they grow up makes a difference there comes that special moment when at a certain age equality just introduced itself to them and they handled it very well
