more interested in piracy Stolen material made its way offshore since detection was less likely Hollywood's major film studios vigorously pursued pirates and had the situation fairly well under control by the middle 1970s not eliminated but reduced to a low level until videocassettes arrived This work begins with a discussion of some of the earliest cases of piracy in vaudeville It then considers how the problem continued to grow exacerbated by the lack of legal resource available to performers and the ways film exhibitors cheated the film distributors and companies and the measures that the distributors and companies took to prevent piracy over the years Also examined are the practices of American theater owners who tried to cheat Hollywood especially through the practice known as bicycling extra unpaid for screenings of a legitimately held film and altering paperwork to reduce the money owed to distributors on films screened on percentage contracts Also examined to a lesser degree are Hollywood's own efforts to cheat including the disregard of copyrights held by others
