The Politics of Canadian Foreign Policy, Fourth Edition

Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal Stéphane Roussel and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy They argue that foreign policy is forged in the nexus of politics at three levels the global the domestic and the governmental and that to understand how and why Canadian foreign policy looks the way it does one must look at the interplay of all three

Handbook of Canadian Foreign Policy Patrick James, Nelson Michaud, Marc O'Reilly, 2006-05-04 Handbook of Canadian Foreign Policy is the most comprehensive book of its kind offering an updated examination of Canada's international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics Tackling recent developments in Canadian foreign policy the authors of this work spotlight Canadian idiosyncrasies within a global context that are defined by wrenching juxtapositions The specialists who have contributed their expertise to this book provide sophisticated analysis conceptual as well as historical rather than simply impressionistic judgments about contemporary events Highlighting both well known and understudied topics this handbook presents a marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century

Canada First, Not Canada Alone Adam Chapnick, Professor of Defence Studies Adam Chapnick, Asa McKercher, Assistant Professor of History Asa McKercher, 2024 The definitive history of Canadian foreign policy since the 1930s Canada First Not Canada Alone examines how successive prime ministers have promoted Canada's national interests in a world that has grown increasingly complex and interconnected Case studies focused on environmental reform Indigenous peoples trade hostage diplomacy and wartime strategy illustrate the breadth of issues that shape Canada's global realm Drawing from extensive primary and secondary research Adam Chapnick and Asa McKercher offer a fresh take on how Canada positions itself in the world

Readings in Canadian Foreign Policy Christopher John Kukucha, Duane Bratt, 2007 This is a reader for courses in Canadian foreign policy it can be used on its own as a core text or alongside a single authored text The book is structured in six sections covering a broad range of topics approaches to Canadian Foreign Policy external sources domestic sources of CFP security trade and economic issues and social considerations which include human rights environment and development issues

The Diplomacy of War Graeme Stewart Mount, Andre Laferriere, 2004 In 1950 North Korea invaded South Korea Sixteen nations fought on behalf of South Korea two the People s Republic of China and North Korea itself on behalf of North Korea By the time the fighting stopped three years later nearly two million military and an estimated three million civilians had lost their lives with one half of Korean industry and one third of Korean homes destroyed For two of the three years that the war was under way both sides were trying to negotiate a peace Canadian governments know that official Washington usually does not appreciate Canadian advice on management of the world Ottawa responds by joining multinational organizations where it attempts to persuade other governments to establish a common front The common front may then try by force of numbers to influence the White House and the State Department One such multinational organization is the Commonwealth five of whose eight members the United Kingdom Canada Australia New Zealand and South Africa had

combat forces in Korea Using sources from Australia Canada China the Soviet Union the United Kingdom the United Nations and the United States Mount and Laferriere have used the Korean War as a case study When did the Commonwealth belligerents agree with each other but not with official Washington and what success did they have in changing U S policies

BOOK JACKET Canada and the United States John Herd Thompson, Stephen J. Randall, 2008 The authors argue that despite a shared continent and heritage ambivalence has always characterized relations between the two countries an ambivalence stemming from differences that Americans underestimate and that Canadians overstate Thompson and Randall begin with the century in which Canada was a pawn in the relations between the United States and Great Britain They consider the years until World War II during which Canada and the United States erected many of the bilateral institutions and mechanisms that govern their relationship in the twentieth century The authors then explore the World War and Cold War alliance based on economic interest and shared anti Communist that made Canada part of a new American empire The years from 1960 until 1984 most merit their subtitle Ambivalent Allies as it was then that this continental consensus fragmented In 1984 the relationship was restored as Canada's Conservative government embraced the United States with an ardour that stunned a Canadian body politic nurtured on the milk of anti Americanism The authors consider the economic and social dimensions of the relationship from Canadian responses to the increasing weight of the U S cultural presence to the archaic stereotypes through which Canadians and Americans understand each other They conclude that while Canadians have been obsessed with the United States Canada has been a matter of consuming disinterest to the United States public and to most of its leaders Despite the oft repeated platitudes about a special relationship between the two countries the authors maintain that what is striking is the extent to which U S policy toward Canada conforms to U S policy toward the rest of the world For its part Canada's preoccupation with the United States has shaped Canadian national policies Any apparent contemporary trend toward consensus and convergence between the United States and Canada they conclude must be viewed through the lens of two centuries of ambiguity and ambivalence
