Savages and Saints Bob Herzberg, 2014-01-10 The history of American Indians on screen can be compared to a light shining through a prism We may have seen bits and pieces of the genuine culture portrayed but rarely did we see a satisfying and informative whole picture Savages and Saints deals with the changing image of the American Indian in the Western film genre contrasting the fictionalized images of native Americans portrayed in classic films against the historical reality of life on the American frontier The book tells the stories of frontier warriors Indian and white revealing how their stories were often drastically altered on screen according to the times the films were made the stars involved in the film s production and the social political beliefs of the filmmakers Studio correspondence letters from government files and passages from western novels adapted for the screen are used to illustrate the various points Instructors considering this book for use in a course may request an examination copy here Absurdities of the Gods of the New Morality (PB) Stephen F. Baca, 2019-12-09

Absurdities of the Gods of the New Morality By Stephen F Baca The art on the front cover represents the twelve supreme Greek deities displayed from left to right they are Demeter Hermes Hephaestus Aphrodite Ares Hera Zeus Poseidon Athena Apollo Artemis and Dionysius This book strikes a parallel between the character and behavior of these supreme mythical gods and that of today s elite nihilists Just like the current gods of the new morality the Greek gods were not noble they were absurd decadent and powerful Absurdities of the Gods of the New Morality is unique in that it identifies specifically those who were primarily responsible for the declension of virtue in our society It is a complete comprehensive and exhaustive exposure of the negative enculturation of America by elitist Boomer activists There was a decline of morality and virtue in our country precipitated by Boomer activists starting in the 1960s when Boomers first started reaching age 18 and went off to college where they were proselytized by socialistic professors Sound ethics morality and virtue are essential elements of any orderly society and we are headed in the wrong direction The solution is a return to virtue and decency **Catalog of**
