The Texture of Industry Robert B. Gordon,Patrick M. Malone,1997-02-06 While historians have given ample attention to stories of entrepreneurship invention and labor conflict they have told us little about actual work places and how people worked Workers seldom wrote about their daily employment However they did leave behind their tools products shops and factories as well as the surrounding industrial landscapes and communities In this book Gordon and Malone look at the industrialization of North America from the perspective of the industrial archaeologist Using material evidence from such varied sites as Indian steatite quarries automobile plants and coal mines they examine manufacturing technology transportation systems and the effects of industrialization on the land Their research greatly expands our

understanding of industry and focuses attention on the contributions of anonymous artisans whose skills shaped our industrial heritage

Petrolia Brian Black, 2000-06-16 Known as Petrolia the region charged the popular imagination with its nearly overnight transition from agriculture to industry But so unrestrained were these early efforts at oil drilling Black writes that the landscape came to be viewed only as an instrument out of which one could extract crude In a very short time Petrolia was a ruined place environmentally economically and to some extent even culturally

Scientists and Swindlers Paul Lucier, 2008-11-20 Scientists and Swindlers introduces us to a new service of professionals the consulting scientists Lucier follows these entrepreneurial men of science on their wide ranging commercial engagements from the shores of Nova Scotia to the coast of California and shows how their innovative work fueled the rapid growth of the American coal and oil industries and the rise of American geology and chemistry Along the way he explores the decisive battles over expertise and authority the high stakes court cases over patenting research the intriguing and often humorous exploits of swindlers and the profound ethical challenges of doing science for money from publisher description
