Pitmen Of The Northern Coalfield:

The Pitmen of the Northern Coalfield Robert Colls,1987 **The Pitmen's Requiem** Peter Crookston,2014-01-05 Peter Crookston's book offers a beautifully written journalist's account of a Durham mining village and the Great Northern Coalfield woven around the life of Robert Saint the composer of Gresford a brass band composition commemorating an earlier mining disaster in which 256 workers died Crookston brings his formidable observational qualities and writing skills as a journalist to produce a gripping narrative with utterly compelling characters and a heart rending culmination in the demise of the mining industry under assault by Thatcher The story is told in a gentle unpretentious way frequently giving voice to the characters themselves many of whom the author knew personally or got to know in preparing the book Apart from capturing a critical moment in a disappearing world the book offers a vantage point from which to reflect on our own culture and what we have lost in post industrial Britain the loss of community which did so much to sustain and nurture those miners in their desperate plights This is as much a history of culture and place as much as it is biography a book that is at once an elegy and a tribute **Master and Servant Law** Christopher Frank,2016-05-06 In recent years social and legal historians have called into question the degree to which the labour that fuelled and sustained industrialization in England was actually free The corpus of statutes known as master and servant law has been a focal point of interest throughout the eighteenth and nineteenth centuries at the behest of employers mine owners and manufacturers Parliament regularly supplemented and updated the provisions of these statutes with new legislation which contained increasingly harsh sanctions for workers who left work performed it poorly or committed acts of misbehaviour The statutes were characterized by a double standard of sanctions which treated workers breach of contract as a criminal offence but offered only civil remedies for the broken promises of employers Surprisingly little scholarship has looked into resistance to the Master and Servant laws This book examines the tactics rhetoric and consequences of a sustained legal and political campaign by English and Welsh trade unions Chartists and a few radical solicitors against the penal sanctions of employment law during the mid nineteenth century By bringing together historical narratives that are all too frequently examined in isolation Christopher Frank is able to draw new conclusions about the development of the English legal system trade unionism and popular politics of the period The author demonstrates how the use of imprisonment for breach of a labour contract under master and servant law and its enforcement by local magistrates played a significant role in shaping labour markets disciplining workers and combating industrial action in many regions of England and Wales and further into the British Empire By combining social and legal history the book reveals the complex relationship between parliamentary legislation its interpretation by the high courts and its enforcement by local officials This work marks an important contribution to legal **The Struggle for Market Power** James Alan Jaffe,2003-11-13 An account of the respective market ideologies of capital and labour during the Industrial Revolution **Pitman's commercial geography of the world** Isaac Pitman & Sons,sir Isaac Pitman (and sons;

ltd.),1898 **Pitman's commercial geography of the United Kingdom of Great Britain and Ireland** Isaac Pitman & Sons,sir Isaac Pitman (and sons; ltd.),1898 **Histoire Sociale** ,1888 **Pitman'S Commercial Atlas of the World with** Pitman,18?? *Journal - Scottish Labour History Society* Scottish Labour History Society,1991 **The Quarterly Review** William Gifford,Sir John Taylor Coleridge,John Gibson Lockhart,Whitwell Elwin,William Macpherson,William Smith,Sir John Murray (IV),Rowland Edmund Prothero (Baron Ernle),1867 The Economy of the North East in the Nineteenth Century David John Rowe,1973 **The Cumulative Book Index** ,1989 A world list of books in the English language **The Tide of Democracy** Alastair J. Reid,2010-09-15 This comprehensive study examines British shipbuilding and industrial relations from 1870 to 1950 addressing economic social and political history to provide an holistic approach to industry trade unionism and the early history of the Labour Party Examining the impact of new machinery of independent rank and file movements and of craft and trade unions The Tide of Democracy provides an authoritative account of industrial action in shipyards in the period and their effect on the birth and development of the Labour Party This volume is clearly presented elegantly written and suffused with a distinctly human touch which brings the technical material to life Unique in the combined attention it gives to Scottish and English history and drawing upon an impressive range of primary sources this volume will be indispensable for specialist researchers undergraduates and graduate students *Pitman's commercial geography of the British colonies and foreign countries* Isaac Pitman & Sons,1899 "We Were All Slaves" Carolyn Anderson Brown,2003 This book documents an important but understudied sector of a West African working class The coal miners of the Enugu Government colliery became nationalist icons for many Nigerians following a colonial government massacre of striking miners in 1949 Carolyn Brown argues that the experiences of these miners deserve to be studied as something more than appendages to the political history of the birth of the Nigerian nation Through the lens of gender race and class she documents the tumultuous history of the Enugu miners and reveals how they developed characteristics of self awareness and class consciousness similar to those of their Western counterparts in British or North American mines **Urban Change and Renewal** Philip Garrahan,Paul Stewart,1994 **Cumulative Bibliography of Victorian Studies** ,1970 **The Militant Democracy** Nigel Todd,1991 Historical Studies in Industrial Relations ,2002 **Progress and Poverty** Martin J.
