Williams, 2024-10-02 Though much has been written about the American Revolution much less has been written on its western front The war effort west of the Appalachians consisted of fewer than 1 000 Continental troops trying to wrest control of 250 000 square miles of forest from a small number of British troops and their Indian allies fighting to keep the land The garrison at Fort Pitt in Western Pennsylvania comprised the bulk of federal forces in the west paltry armies serving under abysmal conditions and with little success Despite this a colorful collection of heroes and leaders emerged who endured long enough to establish a presence that facilitated future westward expansion for the United States This book presents this underreported and unique conflict in full historical detail with an emphasis on Washington's personal experience in the west and his relationship with Continental Army officers he selected to command his Western Department **Genealogical & Local History Books in Print**, 1997 **The Genealogical Helper**, 1997 **The Cumulative Book Index**, 1989 A world list of books in the English language *The People and Times of Western Pennsylvania: 1817-1820*, 1995 **John Mossman**, 1992 John Mossman or Mosman was likely born ca 1717 in Killyleagh County Down Ireland He was the son of James Mossman and Elizabeth Magdalen Harris John married Elizabeth Herdman 21 July 1746 in Ireland They immigrated to America ca 1789 and settled in Pennsylvania John and Elizabeth were the parents of eight known children Descendants lived in Indiana Pennsylvania Ohio Iowa Kansas California and elsewhere **NGS Newsletter**, 1987 **Keyhole**, 1986 Forum, 1989 The People and Times of Western Pennsylvania: 1806- 1811, 1988 The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800 George Watson, Ian R.
