## **Pivotal Year How Freshman Can Become Sophomores:**

The Pivotal Year Robert L. Marshall, 2003-06-28 Offers interventions and resources that can make a positive impact upon ninth grade success in high schools around the country      *Failing at School* Camille A. Farrington, 2014-02-14 About half of all incoming ninth graders in urban districts will fail classes and drop out of school without a diploma *Failing at School* starts with the premise that urban American high schools generate such widespread student failure not because of some fault of the students who attend them but because high schools were designed to stratify achievement and let only the top performers advance to higher levels of education This is particularly true for low income racial ethnic minority students To get different results Farrington proposes fundamental changes based on what we now know about how students learn what motivates them to engage in learning and what kinds of educational systems and structures would best support their learning

**Mentoring is a Verb** Russ Olwell, 2016-01-08 This accessible guide offers school leaders a wealth of strategies to foster a culture where educators engage with young people to encourage college readiness and career success Based in research and best practices *Mentoring is a Verb* explains how to build effective mentoring programs as well as encourage educators to individually mentor students Olwell breaks down the key elements it takes to forge lasting relationships with students and addresses ways to connect to at risk students Packed with actionable steps this book gives you the tools to help your students set high expectations and goals recognize and address barriers to success plan for the future and reach their post graduation aspirations      The Make-or-Break Year Emily Krone Phillips, 2019-01-08 A Washington Post Bestseller An entirely fresh approach to ending the high school dropout crisis is revealed in this groundbreaking chronicle of unprecedented transformation in a city notorious for its failing schools In eighth grade Eric thought he was going places But by his second semester of freshman year at Hancock High his D s in Environmental Science and French plus an F in Mr Castillo s Honors Algebra class might have suggested otherwise Research shows that students with more than one semester F during their freshman year are very unlikely to graduate If Eric had attended Hancock or any number of Chicago s public high schools just a decade earlier chances are good he would have dropped out Instead Hancock s new way of responding to failing grades missed homework and other red flags made it possible for Eric to get back on track *The Make or Break Year* is the largely untold story of how a simple idea that reorganizing schools to get students through the treacherous transitions of freshman year greatly increases the odds of those students graduating changed the course of two Chicago high schools an entire school system and thousands of lives Marshaling groundbreaking research on the teenage brain peer relationships and academic performance journalist turned communications expert Emily Krone Phillips details the emergence of *Freshman OnTrack* a program cum movement that is translating knowledge into action and revolutionizing how teachers grade mete out discipline and provide social emotional and academic support to their students This vivid description of real change in a faulty system will captivate anyone who cares about improving our nation s schools it will inspire educators and families to

reimagine their relationships with students like Eric and others whose stories affirm the pivotal nature of ninth grade for all young people In a moment of relentless focus on what doesn't work in education and the public sphere Phillips's dramatic account examines what does
