Course Information

Instructional Method: LAB,LEC

Credit Hour Breakdown: 4.00

Meeting Location: NSB-311,SLB-3326

Meeting Days: Monday, Tuesday, Wednesday, Thursday

Meeting Times: 01:30PM - 03:30PM

Students are expected to spend time outside of class reading material, working on homework, and studying for exams. Traditionally, between 2 and 3 hours are expected for each credit hour. This could result in about 9 hours per 3 hour lecture class or 12 hours per 4 hour lab class. Depending on the student's math background, whether or not they have had a similar course or other opportunity to become familiar with the course content, or a host of other factors including cognitive abilities, calculator skills, etc., the student may end up spending more or less than the expected average time. Also note that most people find spending 1 to 2 hours per day to be more effective than cramming for an exam or waiting until the last minute to complete an assignment.
