

The Average Cost of an Uber

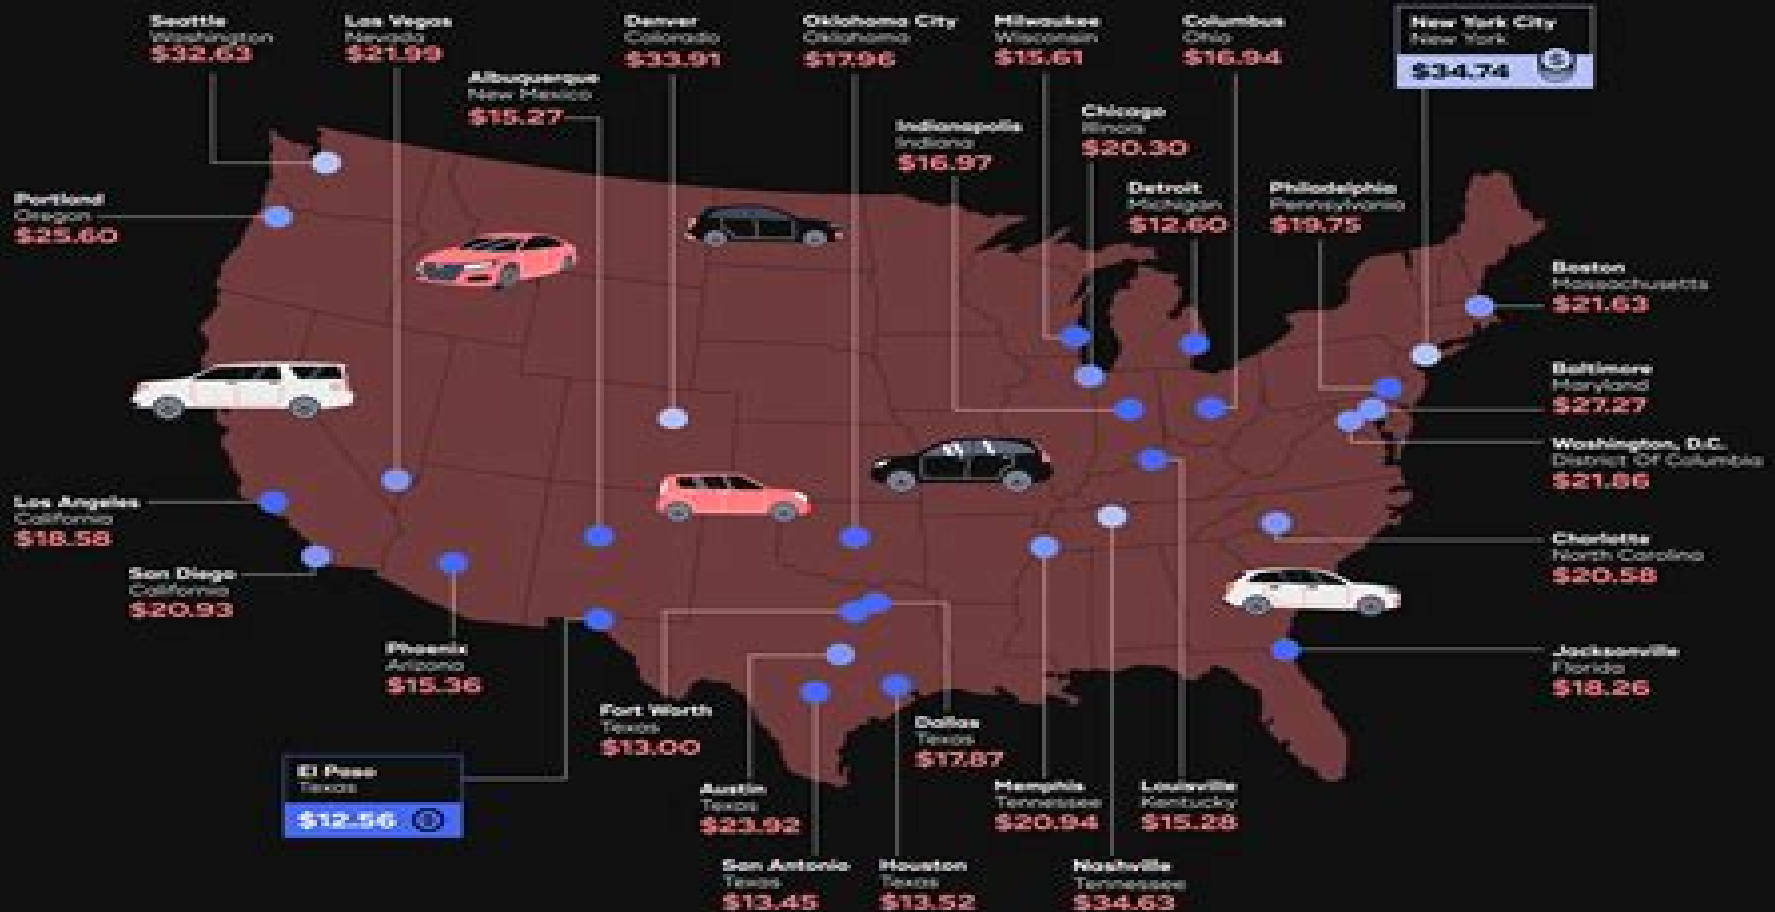

IN THE 30 LARGEST U.S. CITIES

An Uber ride can cost three times more in one U.S. city than another. To find the best value, we calculated the average cost of a 10km ride in the 30 biggest cities served by Uber.

New York City (\$34.74) is the most expensive place to grab an Uber. The city introduced a congestion surcharge and minimum wage for Uber drivers in 2019. A post-lockdown surge in demand and lack of drivers has pushed prices even higher in 2022.

AVERAGE FARE
FOR 10KM RIDE

WE INCLUDED the cost of the Uber service fee to calculate the Uber 10 value of a 10km journey from the center of each city. We included these charges since, whether you're driving around a city, you'll have to pay the Uber service fee to the Uber company, and we're not offering a discount on that fee. All fares were based on Uber 10's current pricing in the city. The fare information was obtained via Uber's company data.
