**Now I Know Only So Far** Dell H. Hymes, 2003-01-01 In *Now I Know Only So Far* sociolinguist and ethnopoetic scholar Dell Hymes examines the power and significance of Native North American literatures and how they can best be approached and appreciated. Such narratives, Hymes argues, are ways of making sense of the world. To truly comprehend the importance and durability of these narratives, one must investigate the ways of thinking expressed in these texts, the cultural sensibilities also deeply affected by storytellers' particular experiences and mastery of form. Included here are seminal overviews and reflections on the history and potential of the field of ethnopoetics. Native North American stories from areas ranging from the Northwest Coast to the Southwest take center stage in this book, which features careful scrutiny of different realizations and tellings of the same story or related stories. Such narratives are illuminated through a series of verse analyses in which patterned relations of lines throw into relief differences in emphasis, shape, and interpretation. A final group of essays sheds light on the often misunderstood and always controversial role of editing and interpreting texts. *Now I Know Only So Far* provides penetrating discussions and absorbing insights into stories and worlds, both traditional and new. Woman as Prophet in the Home and the World R. Mary Hayden Lemmons, 2016-09-15 This first ever interdisciplinary study of woman as prophet shows that in these troubling times, ordinary women, especially Christian women, need to function as prophets by proclaiming in word and deed the indispensability of lovingly seeking the welfare of others. More specifically, social science shows that the person-centered love prophesied by women prophets is able to meet interpersonal challenges within the home and world, while philosophy and theology establish that women are able to excel as prophets due to the virtuous dispositions inculcated by femininity: the choice to be caring, a God-centered spirituality, and a pro-life humanitarian personalist feminism that welcomes male collaborators. Facilitating the ability of Christian women to prophesy love are Baptismal graces, Thomistic virtues, and a much-needed prophetic Marian ecclesiology based on what John Paul II calls the prophetism of femininity. These interdisciplinary findings provide an essential resource for educators and students of humanity, the theology of women, and evangelization. These findings emerge first from an investigation into the cognitive and ontological underpinnings of what John Paul II called the feminine genius. A second set of findings emerges from exploring the prophetic dimensions of the feminine genius. Secular feminism's need to adopt the insights of Christianity and the ability of femininity's prophetism to recast both femininity and feminism as Marian prophecies. A third set of findings arises from analyzing the spirituality of women prophets within the Christian tradition by considering the conditions necessary for prophesying, explicating requisite Thomistic virtues, and delving into the spirituality of Hildegard, Catherine of Siena, Julian of Norwich, and Teresa of Avila. A fourth set of findings arises from innovative studies of polarization, secularization, lust, romantic love, the conditions whereby mothers with careers can flourish, and the ability of nuns to combat racism in a small Midwestern town. Overall, these interdisciplinary investigations explicate the theology of women and show that women who prophesy love, either in the order

of grace or nature can help heal lives families and culture     *Just Effing Entertain Me: A Screenwriter's Atlas* Julie Gray,2013-10 A comprehensive guide to screenwriting with proven methods to help you test your ideas BEFORE you write your script outlining tricks that make every page fascinating chapters on character development dialogue theme and so much more Includes the top 200 movies you MUST see if you wish to write for entertainment and chapters on how to get an agent in Hollywood One of the most valuable complete books on screenwriting available today Recommended by Hollywood professionals     Augener & co.'s catalogue of pianforte music. cross confessional conversation reclaiming the idea of election as a central notion for any retelling of the biblical narrative. Several essays explore the variety of ways in which election is spoken about in the Scripture drawing on research from the last twenty years that offers a more sophisticated framework than the traditionally theological categories of elect and reject. The historical part of the volume covers new analyses of Medieval and post Reformation Catholic and Protestant debates on predestination while the book's constructive part contributes to contemporary conversations on the relationship between Trinity Christology and election, the development of a post supersessionist understanding of Israel's chosenness as well as voices from contextual struggles in South America, Palestine and South Africa.
