Secret Language Of Eating Disorders:

The Secret Language of Eating Disorders Peggy Claude-Pierre, 1997 I feel so dirty hopeless no good fat scared a failure I don't deserve to live My daughter is 5'8 and 60 pounds She won't comply with anyone She has ruined the family I can't be cured I'm too bad I'm going to have to deal with this the rest of my life My doctor told me that I don't want to grow up I hate myself for being the cause of all of this I don't want my daughter to die They say we are a dysfunctional family but we don't fight and we love our daughter Surely something can be done All of these statements are based on myths and misconceptions about anorexia and bulimia Unfortunately these myths and others not only deepen the suffering of victims of eating disorders but shape how we regard and treat those victims If you are a parent family member loved one or caregiver of a victim or a victim yourself you know the punishing pain and sense of hopelessness caused by eating disorders Now an extraordinary new book offers new hope and help to all whose lives are threatened by these scourges In The Secret Language of Eating Disorders Peggy Claude Pierre founder of the world renowned eating disorders program at the Montreaux Clinic in Victoria Canada puts these damaging myths to rest and reveals her groundbreaking theories on the ultimate cure for illnesses that current medicine treats with little success Peggy Claude Pierre developed her unique insights into eating disorders through successfully treating her own two anorexic daughters and hundreds of acutely ill patients at Montreaux which specializes in treating victims near death whom doctors and hospitals haven't helped She became convinced that eating disorders stem from a complex negative mindset Often established at birth it causes sufferers to feel an overwhelming sense of worthlessness that frequently results in a slow process of self destruction It is Peggy Claude Pierre's conviction that this mindset and the resulting eating disorder can be permanently reversed through a program based on unconditional love regard positive reinforcement easing of the victim's burdens of blame and responsibility and objectivity training In The Secret Language of Eating Disorders Claude Pierre details her theories on the true causes of anorexia and bulimia and lays out the basis of the Montreaux program which has an astonishingly high success rate curing even the gravest cases She describes the origins of the negative mindset and the five stages of recovery from eating disorders spotlights the special challenges of coping with them at home and offers clear practical guidelines to working effectively with health professionals She also shares the voices of dozens of former patients who offer their own stories of recovery as inspiration to victims their families and loved ones Peggy Claude Pierre's heartfelt message of hope is that eating disorders can be cured not merely managed and that deep within every person suffering from these illnesses is a loving deserving soul who can and should be saved As Peggy Claude Pierre writes to victims You are not failures at life merely at understanding your own value Soon professionals across the globe will discontinue treating the symptoms of eating disorders as the cause This powerful compassionate book will revolutionize the way we think about eating disorders and their victims It will literally save lives
