Sex Education the Final Plague:

Sex Education Randy Engel, 1993-09 Proves why classroom sex education is always wrong and always harmful that it destroys modesty awakens the passions promotes sexual activity and fosters acceptance of sexual sins Shows where it comes from who promotes it that it is all pervasive Gives the Church s position that sex education is the right and duty of parents only which may be delegated to others but never usurped A must for parents teachers and priests **Sexuality Education from an Islamic Perspective** G. Hussein Rassool, Muhammad Aftab Khan, Shaikh Abdul Mabud, Muhammad Ahsan, 2020-02-13 We live in an over sexualised culture where sex and sexuality have become part of the public domain This sexual revolution challenges Judeo Christian and Islamic norms and boundaries As such sexuality education is a sensitive and extremely important issue and its current implementation in schools has raised public concerns This book explores the subject contextualising it within the matrix of Islamic beliefs and practices Islam binds sexuality and sexual education to a moral grid with rights and obligations justice and equity There is a dominant discourse and stereotype around Islamic sexuality which presents sex and sexuality as the biggest taboo fraught with fear and seldom discussed This book dispels such myths and misconceptions providing an overview of sexuality education in the modern world and the need for such education Talk about Sex Janice M. Irvine, 2004 Describes the political transformations cultural dynamics and affective rhetorics that together helped ignite the passionate conflicts over sex education on both the national and local levels in the United States **IJER Vol 23-N1** International Journal of Educational Reform, 2014-03-04 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world *The Silencing of the Lambs* Michael L. Brown, 2022 Conservative Christians in the United States today are feeling the fire thrown at them by liberal influencers who are pressuring Americans to pick up a left wing agenda and abandon biblical values Now is not the time for

the church to stay quiet on the issues that will determine America's future This is the moment for the church to reject the left's muzzle and turn the tide for this nation Dust jacket flap

Philosophizing About Sex Laurie J. Shrage, Robert Scott Stewart, 2015-01-20 Ancient Greek philosophers medieval theologians Enlightenment thinkers and contemporary humanists alike have debated all aspects of human sexuality including its purpose permissibility normalcy and risks *Philosophizing About Sex* provides a philosophical guide to those longstanding and important debates Each chapter takes a general issue freedom privacy objectification etc and shows how ongoing public discussions of sexuality can be illuminated by careful philosophical investigation Debates over topics such as sexual assault sexual orientation sex education prostitution and sexting involve larger questions about morality law science and politics and cannot be intelligently discussed in isolation from broader issues By asking deceptively simple questions this book shows how difficult but important it is to arrive at satisfying answers

Talk about Sex Janice Irvine, 2023-03-24 A rich social history of how the American right wing used sex education as one of its first battlegrounds on which to build a political movement and regulate sexual morality by controlling sexual speech

The Book of Values Bernardo M. Villegas, 1997

The War Against the Family William Douglas Gairdner, 1992 Believing it is high time for someone to speak out in defense of the family William Gairdner the author of *The Trouble with Canada* has turned his attention to what he calls the civil war of values that is weakening the soul of the family in Canada Among his findings Traditional marriage is being demoted in our children's textbooks as only one choice among many types of family relationships Massive funding is given to radical lobby groups devoted to destroying the family while those supporting it go begging Sex education at one time the concern of families has become the property of sexologists and peer groups The mainline churches have abandoned souls for political causes and pagan theories The law and the courts of the land are decimating the traditional privileges of the family in the name of individual rights In writing that is vigorous and compelling Gairdner traces the war against the family to a political ideology springing from Plato Rousseau and a utopian liberalism that has become a caricature of itself everywhere promoting rights but forgetting duties Powered by this ideology the modern State eager for votes and hostile to freedom effectively weakens the family unit which it sees as a bastion of privacy privilege and authority In *The War Against the Family* Gairdner throws down the gauntlet forcing into the open a much needed debate about the future of the family in Western societies The family of today and future generations are sure to benefit Jacket flap
