The Erotic Word David M. Carr, 2005-02-24 Historically the Bible has been used to drive a wedge between the spirit and the body In this book David Carr argues that it can and should do just the opposite Sexuality and spirituality Carr contends are intricately interwoven when one is impoverished the other is warped **Erotic Justice** Marvin Mahan Ellison, 1996-01-01 Ethicist Marvin Ellison compellingly argues that current crises in family personal life and sexuality are related to our culture s prevailing attitudes about human sexuality He proposes a liberating Christian ethic of erotic justice that goes beyond the prevailing patriarchal paradigm **Just As I Am** Robert Williams, 2013-01-02 The first openly gay man to be ordained an Episcopal priest offers lesbians and gays good news about being Christian and homosexual discussing the positive images of homosexuality in the scriptures and more **Celebrating Christian Marriage** Adrian Thatcher, 2002-04-30 The interest in marriage and the future of marriage is urgent and increasing This collection of expert research analysis and discussion may be the most significant ever assembled on this subject There are contributions from different continents and cultures from Roman Catholic Protestant Anglican and Orthodox traditions from theologians and many other professionals including historians social theorists sex therapists lawyers psychiatrists and demographers all in conversation with the idea of Christian marriage There are introductions to each topical section by Adrian Thatcher Marriage at the Start of the Millennium Beginning Marriage Love and Marriage The Marriage Relationship Children and Marriage Single Sex Marriage Ending Marriage Roman Catholic Perspectives Ending Marriage Anglican Perspectives **SIECUS Report**, 1997 **Literatussi**, 1992 Constructing the Erotic Barbara J. Blodgett, 2002 Barbara J Blodgett proposes a practical sexual ethic for adolescent girls based on a discourse of vulnerability and trust rather than one of erotic liberation Her work directly challenges feminist theologies of the erotic which seek to establish the erotic as unquestionably freeing and empowering Blodgett declares that inconsistent worlds of meaning surround girls moral deliberation about sexual activity despite their sincere yearning for guidance This ground breaking book Critiques feminist theologies of the erotic Draws upon actual narratives of adolescent girls about sexuality and romance Uses a psychoanalytic theory for Christian ethics Points the way to an alternative model of sexual ethics in theological ethics while factoring in the stark realities of gender power and culture Blodgett suggests relationships are either stabilized by the exercise of trust or friendly distrust

Kelly,1994 Christopher Street ,1990 **Counseling** Mary Thomas Burke,Judith G. Miranti,1995 Although spirituality is gaining increased interest in counseling counselors are reluctant to incorporate the spiritual dimension into their practice This text explores spirituality in counseling so as to encourage counselors to consider their own spirituality and to facilitate the enhancement of spiritual wellness for their clients The chapters present a balance of practical and theoretical concerns Some of the theoretical issues covered here include the interplay of spirituality religion and counseling theories behind spiritual wellness the cross cultural issues presented by religious values approaching clients of different religious background the spiritual and ethical beliefs of humanists the spiritual journey and observers perceptions of how one counselor handled religious issues Articles which explore some of the more practical concerns in counseling examine feminist therapy the spiritual journey of gays and lesbians interreligious group encounters views held by counselors and clergy about depressive religious ideation multicultural awareness of religious beliefs and practices the spiritual needs of the dying and the counselor s role in right to die decisions It is hoped that the information here will be useful to neophytes researchers and practitioners Practitioners should also be challenged to explore their own spiritual dimensions RJM *Sessualità, religioni e sette* Giorgio Nadali,1999 *Human Sexuality* Tina S.
